President's Proclamation

June 15, 1917.

I hereby designate the period June twenty-third to June thirtieth, next, recruiting week for the Regular Army and call upon unmarried men between the ages of eighteen and forty years, who have no dependants and who are not engaged in pursuits vitally necessary to the prosecution of the war, to present themselves for enlistment during the week herein designated to number of seventy thousand.

WOODROW WILSON.

You Can Help Beat The Draft

If you will help to carry out the President's Proclamation there *will* be no draft in Milwaukee and every soldier from this city will be a volunteer. Four Wisconsin counties have already raised enough and will have no draft. Others are near the goal. If 5,000 volunteer from Milwaukee in the next two months, Milwaukee can answer "Ready" when the draft call comes.

Volunteers will receive extra training. You will be first in line for promotion. You will always be a few weeks ahead of those who wait for the draft. You will always know you came freely. Volunteers go gradually without disturbing business, delaying the preparation for war or clogging facilities for their care or training. They are thus doubly valuable. Volunteers can now choose their line of service. Drafted men must go where they are put. The success of the war, the welfare of Milwaukee and the best interests of the soldier, all are helped by volunteering right now.
