AN ADDRESS BOOK OF
WISCONSIN Public Service
EMPLOYES IN THE ARMED SERVICES

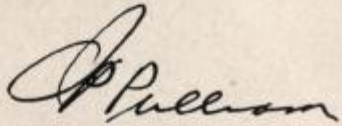
Pam 56-2800

# MEMO

To: Every PUBLIC SERVICE employe
in the Armed Forces or
on the job at home:

This little book is a tribute to you who are in the Armed Services of your country.

It is hoped it will also be a constant reminder to every individual who is doing his bit at home, that part of his job is to maintain contact with those in the service by writing letters to them regularly.



July 12, 1944

Pam 56-2800

THIS military address book contains the best available picture of every Public Service representative in the Armed Services together with the latest mailing address, a note on the home location and date of entering service. You can keep your copy up to date by noting changes in rank and address as they are reported each month in Contact News.

A copy has been mailed to every Public Service employe at home and to everyone shown on the pages which follow.

A limited number of extra copies have been printed and can be supplied upon request of CONTACT NEWS at the Green Bay office.

LIEUTENANT JAMES WATERMAN

This book is dedicated to
LIEUTENANT JAMES WATERMAN
South Pacific May 12, 1944

The plea and purpose of this address book seems small and unimportant when we face the full import of Jim's gold star. The flight on which he was navigator is ours to finish. His gold star is ours to keep bright. His sacrifice has been written in history. There is no greater gift than this.

A letter from you to some other GI Joe or Jill will be richly appreciated.

This ADDRESS BOOK is a salute and a promise! It offers a bit of deserved recognition to a lot of grand guys and gals and a promise that we'll write real soon. How about it?

Type, print, or write with ink very clearly. Use the complete address. Read it back to be sure it's right. Send it airmail if it is to go overseas, especially to Europe and Africa. V-Mail is the best bet to the South Pacific and India.

Prisoner-of-war mail needs special care. You'll need Post Office form No. 111. Follow the P. O. instructions exactly and you'll make some POW plenty happy to hear from you. Send it Air Mail for those in the European area. It may get there a month earlier.

Packages? GI's hate to get more than one package a day, so hold your contribution down to no more than one a week. It will give the rest of the gang a chance to send their share.
