WHY BE A "HORSE-TRADER"?

You don't have to "dicker" to "deal" with your Ford Dealer. Nor do you have to be a used car expert to tell the age condition and value of his used cars.

It's a well-known fact that Ford Dealers' used cars, no matter what make or model, **run** as good as they **look!** Thorough reconditioning sees to that. And your Ford Dealer has **nothing** up his sleeve—he holds **nothing** back. If you want to know the history of one of his cars—who owned it, what it was used for, the treatment it had—your Ford Dealer will gladly tell you. He wants you to be able to buy with your "eyes wide open."

Lambeau is the father of the Packers as well as coach . . . a native of Green Bay, he was one of its greatest fullbacks . . . this is his 21st year of service in Packer ranks . . . he started the team as a packing company booster aggregation in 1919 . . . his hair has given him the name Curly.

Curly played until 1928 . . . listed on his record are 109 points on 12 touchdowns and 19 extra points . . . and six field goals . . . one of the game's greatest exponents of the forward pass, he was an aerial expert as a player . . . author of texts on how to pass . . . coached such great passers as Arnold Herber . . . Bob Monnett and Cecil Isbell.

Lambeau's years in the game add up to the longest service record in the National Professional league . . . coached league title winners in 1929, 1930, 1931, and 1936 . . . western division champions in 1938 . . . known from coast to coast, he scouts his own material . . . played under the late Knute Rockne at Notre Dame . . . teammate of the famous George Gipp . . . active in the insurance business when football doesn't devote all his time . . . which no longer is often.

PRO GRID NOTES

Howie Weiss Detroit footballer, plans to return to Madison after the football season and resume his law studies at Wisconsin 'U.' It was at the Badger institution where Howie earned his spurs as a football warrior.

Chester Johnston who made Pittsburgh's touchdown against the New York Giants, will be out of the game for about three weeks due to a chipped bone in his knee. This was a tough break for Johnston as he was going good.

Andy Farkas is one of the bright spots in the Washington backfield. The former Detroit university star runs like a streak in the open field and Coach Red Flaherty has several special plays set up to turn him loose.

Pug Manders, younger brother of 'Automatic Jack,' the Chicago Bears field goal specialist, is one of topnotch freshmen in the Pro wheel. Pug is doing everything asked of him in a backfield position for the Brooklyn Dodgers.

The Chicago Bears are singing the praises of Chester Chesney, recruit center from De Paul. He is an aggressive snapper and appears to be an excellent ball hawk as he is always on the spot when the going is the toughest.

Frank Patrick, former Pittsburgh star during the days of Jock Sutherland, is a spearhead in the Chicago Cardinals' attack. Ernie Nevers has tuned Patrick up as a passer and kicker between his activities as a ball carrier.

Ted Livingston, one of the few three-year veterans in the Cleveland Ram battle front, has been playing an improved brand of ball under the Dutch Clark system. Ted skips around like a lightweight despite the 220 pounds that he carries.

Chuck Hanneman, Michigan State Normal product, has come into his own at end this season for the Detroit Lions. Hanneman is a nifty pass snagger, plays a battering game on the defense and is a sure-shot field goal bootsmith.

Mel Hein, New York Giant center and captain, has seen more than his share of play so far this fall as Larry Johnson, first-string substitute, has been on the hospital list. This is all right with Hein because he dosn't like bench duty.

Russ Letlow, Packer All-America guard in 1938, is making another determined bid for the same honors. Letlow is one of the mainstays of Coach E. L. Lambeau's forward wall and he has got special mention in every game to date.

Bert Bell, the Philadelphia coach, never gets tired of talking about Emmett Mortell, slippery backfielder from Wisconsin. The Badger gridder has gained a lot of ground for Eagles and he pairs up well with Davey O'Brien.

This will be a busy weekend in the National Football as there is a 'full house schedule' with all the teams in action. Several crucial contests are booked and the results may bring drastic changes in the percentage table.

An intersectional clash will bring together the Chicago Bears and Giants in New York at the Polo grounds. It will be a supreme test for the Halas and Owen coached teams with the winner standing out as a championship contender.

The largest crowd that ever witnessed a football game in Green Bay is forecast for the Detroit-Packer fracas. The Lions are stepping along at a pennant clip and the Bays also have their eyes on the 1939 gontalon.

Cleveland, with the famous Parker Hall passing the ball all over the lot, will invade Chicago to have it out with the Cardinals at Wrigley field. Both teams are very much air-minded and it should be a great game to watch.

Walt Kiesling's Pittsburgh Pirates will be at home to the rampaging Washington Redskins. The Pirates' mentor is still fine-combing his outfit in hopes of finding a winning combination for Art Rooney and his associates.

The house-cleaned Brooklyn Dodgers resume their regular schedule by playing host to the Philadelphia Eagles. These teams battled several weeks ago on a rain swept field in Quaker-town without any scores being made.

Detroit made it four straight by nosing out the Cleveland Rams by a 15 to 7 score last Sunday at Briggs field in the Motor City. It was a ding-dong battle all the way and the spectators were treated to one thrill after another.

The Chicago Bears continued their scoring spree by walloping the Cardinals to the tune of 44 to 7. The Halas machine has accounted for 157 points in five games and, if the Bruins keep on clicking they will establish a new record.

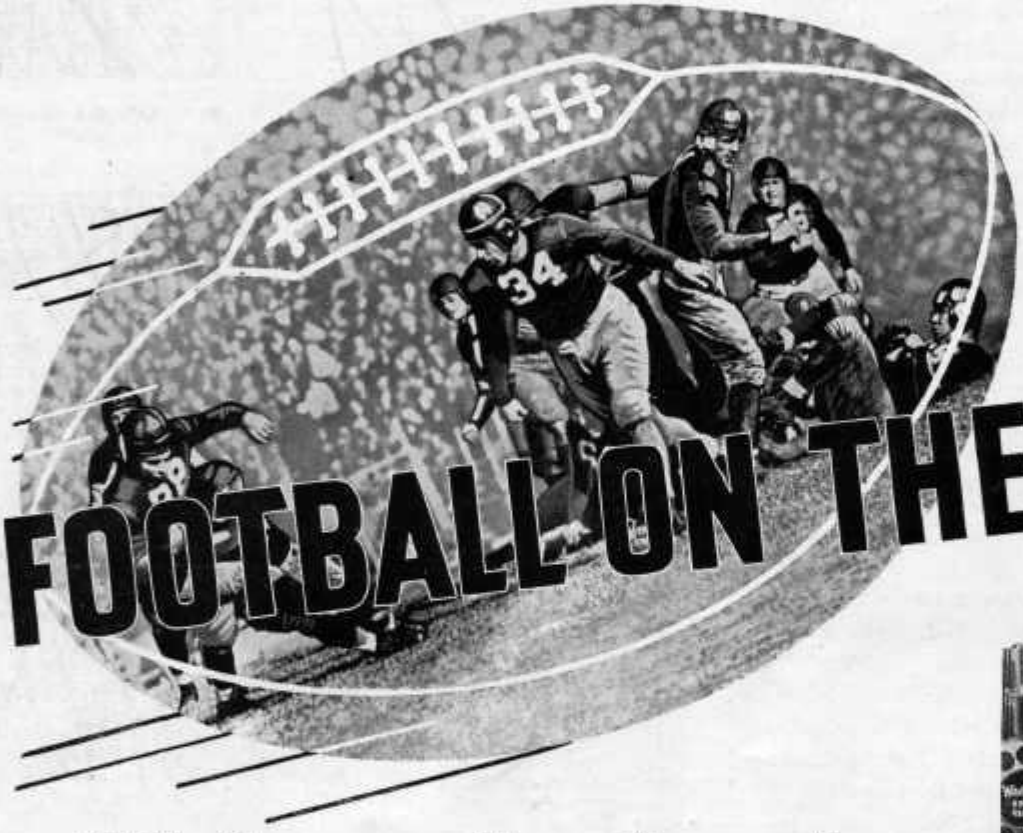

Washington is another club on a touchdown rampage as the Redskins put the skids under the visiting Pittsburghers, 39 to 14. In the Brooklyn tilt on October 8, the Dodgers were routed 41 to 13. The Redskins' 80 points in two games is quite something.

Repeating their early season victory over Philadelphia, the New York Giants set the Eagles down by a 27 to 10 count. It was the first home appearance this season for the New Yorkers and the Polo grounds football fans were much pleased with the result.

The Green Bay Packers had little trouble bowling over the St. Louis Gunners of the American league 31 to 0 in an exhibition contest at the Mound City. Curly Lambeau's club had the situation well under control and the Bays won as they pleased.

Governor Julius P. Heil. It was the western champion's turn this year to select the play-off game site. Governor Julius P. Heil was one of the first to urge the Packers to pick Milwaukee for the National Football League's climatic spectacle. With the enthusiasm of a college sophomore Governor Heil has been an inspiration and driving force for the marked success of this afternoon's intersectional struggle between the Packers and Giants.

JULIUS P. HEIL
GOVERNOR OF WISCONSIN

President Carl L. Storck assumed direct supervision of the National Football League 1939 "world series" game here, a "natural" between the mighty New York Giants, defending title holders, and Green Bay's beloved Packers. It will be Storck's first play-off game since becoming league prexy following the death of Joe E. Carr last year.

Storck and Carr formed the National Football League back in 1921 and always were the circuit's only administrative officials.

CARL L. STORCK
PRESIDENT
NATIONAL FOOTBALL LEAGUE

Mayor Daniel W. Hoan also was early on the job, imbued with the ambition of attracting national recognition for Milwaukee for its ability to successfully stage sports attractions of major importance.

Mayor Hoan has been very cooperative in every way and deserves an orchid for his untiring aid in the successful promotion of the gridiron battle here today between the Packers and Giants for the National Football League crown.

DANIEL W. HOAN
MAYOR OF MILWAUKEE

Ralph E. Ammon, Director of the Department of Agriculture and Manager of the Wisconsin State Fair, has for years improved State Fair Park, until today it offers Wisconsin and Mid-West citizens an ideal place for sporting events of all kinds. This ideally located 155 acre playground features the new $250,000 Lannon stone grandstand and parking ground for thousands of cars and all the other facilities so necessary for comfort and enjoyment of sport fans.

RALPH E. AMMON
DIRECTOR OF THE DEPARTMENT OF AGRICULTURE

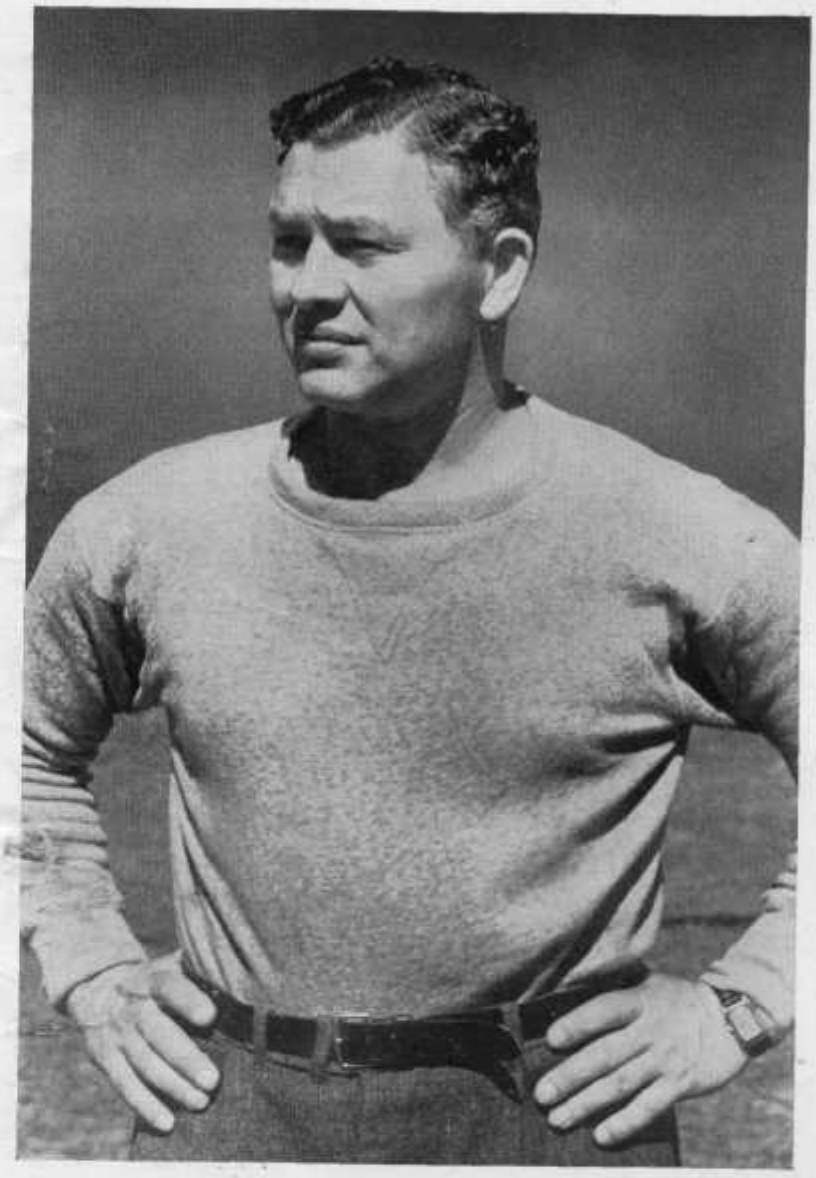

EARL L. LAMBEAU

Coach

Lambeau is the father of the Packers as well as coach . . . a native of Green Bay, he was one of its greatest fullbacks . . . this is his 21st year of service in Packer ranks . . . he started the team as a packing company booster aggregation in 1919 . . . his hair has given him the name Curly.

Curly played until 1928 . . . listed on his record are 109 points on 12 touchdowns and 19 extra points . . . and six field goals . . . one of the game's greatest exponents of the forward pass, he was an aerial expert as a player . . . author of texts on how to pass . . . coached such great passers as Arnold Herber . . . Bob Monnett and Cecil Isbell.

Lambeau's years in the game add up to the longest service record in the National Professional League . . . coached league title winners in 1929, 1930, 1931 and 1936 . . . western division champions in 1938 . . . known from coast to coast, he scouts his own material . . . played under the late Knute Rockne at Notre Dame . . . teammate of the famous George Gipp . . . active in the insurance business when football doesn't require all his time . . . which no longer is often.

STEVE OWEN

Coach

At 275 pounds, Stout Steve Owen, coach of the champion New York Football Giants, is one of the biggest individuals connected with any sport. He's equally stupendous on expert knowledge of football and how to teach it. Stout Steve is a master of detail. In this respect he's like Manager Joe McCarthy of the New York Yankees. Undoubtedly Owen's rarest gift is remarkable ability to successfully handle men. Another pronounced McCarthy trait.

The New York Giants have the third oldest coach in the point of service of any tutor in the National Football League. Only Curly Lambeau, who will master mind the Packers today, and George Halas of the Chicago Bears have longer league coaching careers than Owen.

Stout Steve, born and raised in Enid, Oklahoma, with this afternoon's championship game, will end his ninth season as tutor of the New York Giants. For the past seven years he has not been an active player but prior to that time was one of the outstanding tackles of professional football, rated on a par with Cal Hubbard of Green Bay and Link Lyman of the Chicago Bears as the greatest of all time.

Owen went to college in Phillips University where he was also a baseball player. He completed his college career in 1921 and after one year as line coach at Phillips joined the Kansas City Cowboys and came to the Polo Grounds when New York took over that outfit intact in 1926. He was an all-league tackle for four years and captained the 1927 Giants which only had 20 points scored upon it in twelve games to win the title. His activities during those years in off-season included major league wrestling, in dependent baseball and boss roustabout for Charley Pyle's great foot derby across the continent.

Steve took over the coaching of the Giants in midseason of 1930. Since that time the Maramen have been right up in the thick of championship battling.

Complete Season Records Favor Green Bay

The Green Bay Packers statistically hold a big edge over the New York Giants, defending champions, in the struggle for the National League Title.

The titleholders, who are the underdogs in the pregame estimates, have the edge in only two departments of play. The Giants have kicked 14 field goals, a new record for the season. They have intercepted 35 passes, or better than three per game. Opponents have scored only 85 points against the Giants to 153 against the Packers, and the Giant defense has yielded only 2,482 yards as against 2,770 through the Packer defense.

Green Bay has piled up more first downs—149 to 109; gained more yards—3,445 to 2,257; completed 101 in 248 attempted passes to only 75 in 177 by the Giants. The kicking is fairly even with the Giants averaging 44 yards to 43 by Green Bay. The Giants have out-fumbled the Packers 21 to 16, but recovered 10 opponents' fumbles to 9 by Green Bay.

E. L. LAMBEAU

Coach

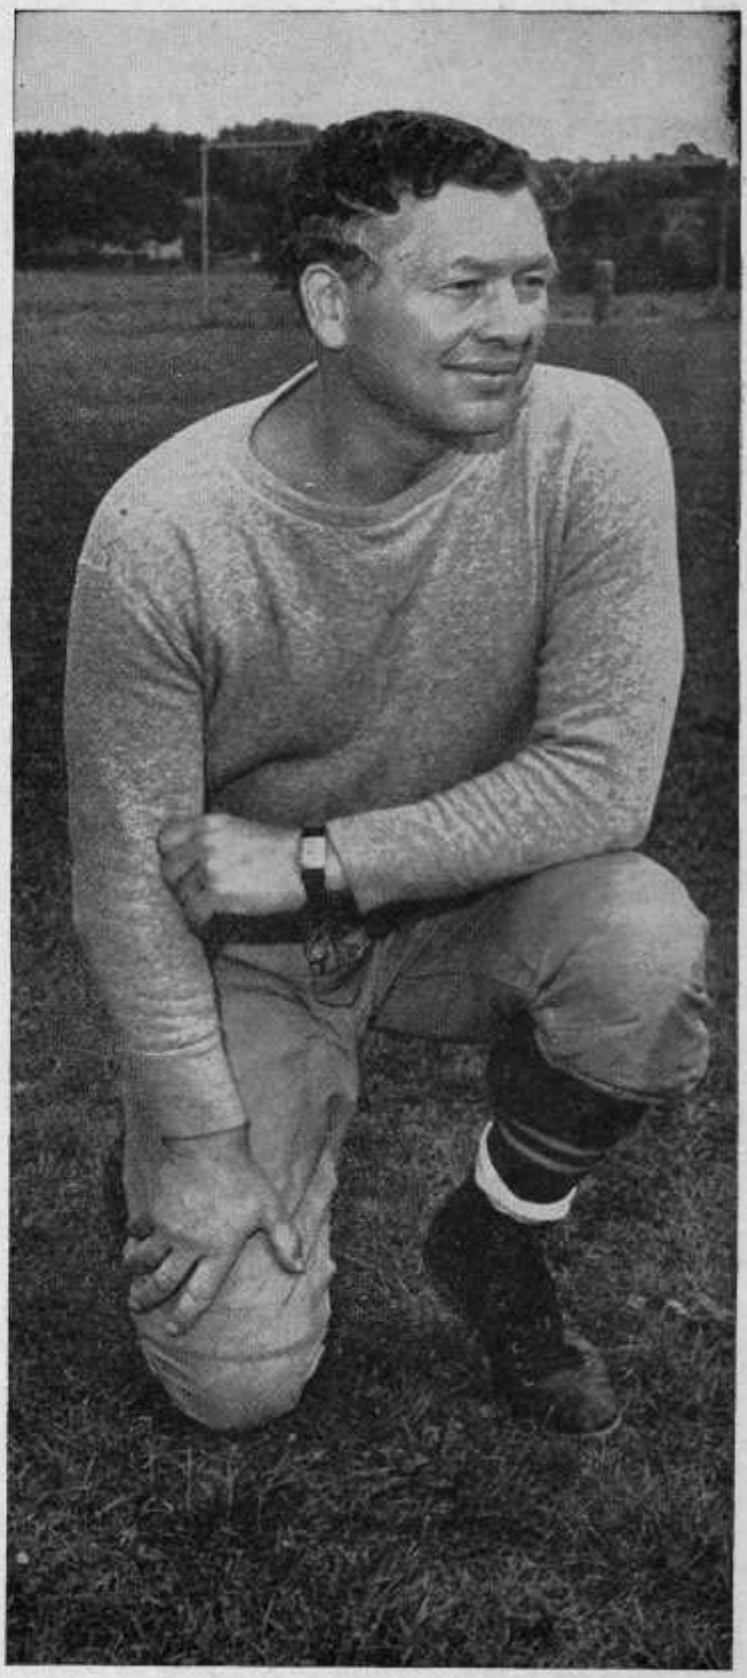

When the Packers first took the field back in 1919, E. L. (Curly) Lambeau was at the helm and he has been piloting Green Bay's gridiron machine ever since. Aside from coach, Lambeau serves as manager and is vice-president of the Green Bay Packers, Inc.

Lambeau has made professional football in Green Bay and he is known from coast to coast as one of the greatest mentors on the chalk-marked gridiron. In his playing days with the Packers from 1919 to 1928, he was quite some halfback and still ranks well up in the Packers' all time scoring list with 109 points—a dozen touchdowns, 19 conversions and six field goals.

The Packer coach was a great forward passer and he has always built his offensive around a sure-clicking overhead drive. Lambeau's wide-open football with thrill-a-minute system has made Green Bay a topnotch attraction in the National league.

Lambeau is the only coach in the National league with five championships to his credit. His pennant winning squads were in 1929, 1930, 1931, 1936 and 1939. The Packer coach does most of his own scouting and he travels the country far and wide during the off season in search of capable material.

Lambeau played at Notre Dame in 1918 under the late Knute Rockne. The Packer coach operates an insurance agency in Green Bay . . . he has one son, Donald, who is in the army. Lambeau is a native Green Bayite and without doubt the most well-known resident of this football-minded community.

RICHARD SMITH

Assistant Coach

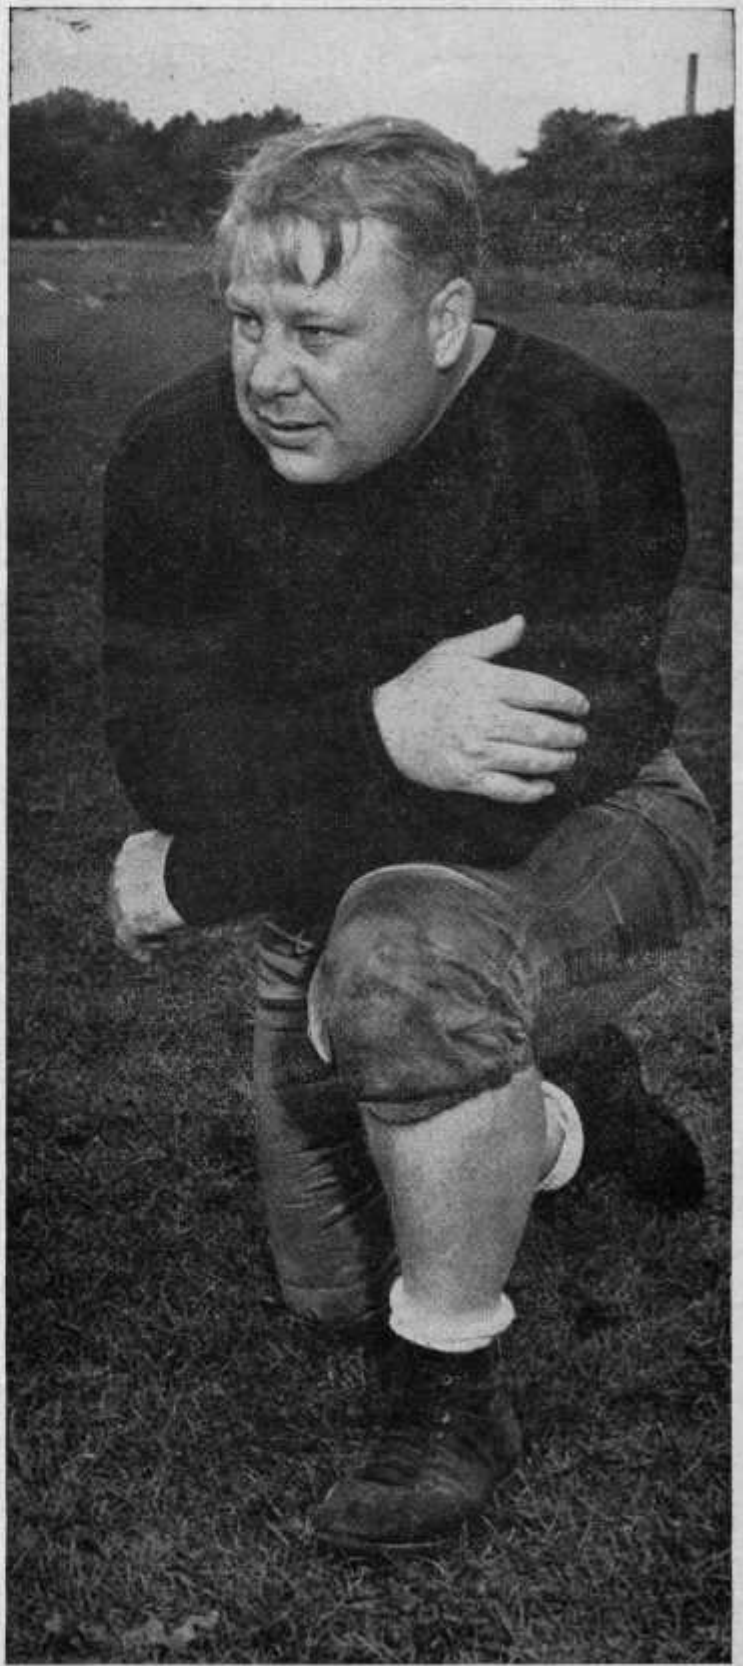

Smith has served as coach for the Packers since 1936 and the former Notre Dame star has established quite a reputation as a line builder. Smith comes from this neck of the woods as he was born at Combined Locks, Wis., some 20 miles down the Fox River Valley from Green Bay.

He played a year of football at Lawrence college before entering Notre Dame. Red had two varsity seasons at Notre Dame. His first pro football was with the Packers in 1927 . . . returned here in 1929 as a member of the first championship team. Later he saw service with the New York Giants.

Smith has had considerable coaching experience. He served as athletic director at Seaton Hall College in New Jersey; coached Georgetown to an eastern collegiate baseball championship and then assisted Dr. Clarence W. Spears when he was at Wisconsin. This year Smith has managed the Green Bay Bluejays in the Wisconsin State league baseball race most successfully, as his club, playing high-powered ball all season, came through with the championship.

Green Bay has rallied around Smith and his nine splendidly, and the outlook for another season is unusually bright as all indications point to the Bluejays' having a handsome new baseball park.

Red is now a year-round resident of Green Bay and between his baseball and football he finds time during the winter months to hunt a bit and run down prospects for his gridiron and diamond connections.

THE OFFICIAL WATCH FOR NATIONAL PROFESSIONAL FOOTBALL LEAGUE IS

Longines

THE WORLD'S MOST HONORED WATCH

Did you know that...

. . . the official watch is the most important piece of equipment connected with a football game?

. . . that it often stops a team, seconds . . . and inches . . . short of a touchdown?

. . . that it governs how much time may be taken in a huddle?

. . . that Longines was chosen to time all National Football League games because . . . Longines is official for 104 national and international sports and contest associations and was chosen official watch for the 1940 Olympics?

Longines Watches have won ten world's fair grand prizes, 28 gold medals and more honors for accuracy than any other timepiece. Longines watches priced $40. upward, and Wittnauer Watches from $24.75 are sold by Longines-Wittnauer jeweler agencies.

HEAD COACH — E. L. (CURLY) LAMBEAU

The only National Football league coach with 25 successive seasons as head mentor of the same team, plus an additional two years when the team played independent football, Coach "Curly" Lambeau is a former member of the Packers and a member of the charter organization which through 27 seasons has given Green Bay fame as "The Little Town That Leads Them".

Possessed by a driving determination to keep the Packers at the top of the professional football heap, Lambeau has been the key figure in the Green Bay eleven's successful drives to six national championships (1929, 1930, 1931, 1936, 1938, and 1944) and a Western division title (1938). A thorough student of the game, Lambeau's ideas on defense and offense are often several years ahead of those of other coaches. Because of this, the Packers have managed to stay in a league composed of cities ten and more times its size.

A native of Green Bay, the Packer coach gained fame as a high school player at Green Bay East. He later attended Notre Dame, where he played under Knute Rockne. Lambeau has often described his experience under the immortal Notre Dame coach as "the most valuable of my life. He taught me things that will continue to help me as long as I coach football".

Returning to Green Bay, Lambeau organized an independent team in 1919, backed at first by the now defunct Acme Packing Company. In return for the company's aid on the team, Lambeau agreed to have the word "Packers" emblazoned on their uniforms, hence the nickname "Packers" has been applied to the team to this day. After playing two years of independent ball (1919 and 1920), the team received a franchise in the National Football League, then called the American Professional Football Association.

"Curly" played with and coached the Packers through the 1928 season, scoring 109 points. He was a forward pass specialist, which accounts for the great use of this offensive weapon by Packer teams of today. Besides being head coach, he is general manager and vice-president of the Green Bay Packers, Inc.

BACKFIELD COACH — DON HUTSON

Little introduction is needed to Assistant Coach Don Hutson, No. 14 of the Green Bay Packers, who has thrown terror into opponents' pass defenders for eleven seasons in the National Football League. Long ago recognized as the greatest pass snatcher and scorer in pro football history, Hutson has "retired" for the last three or four years. Because of wartime shortages of material, however, he has always come back for "another season" and, in playing, has added to almost a score of all-time league records he holds.

In 1944, Hutson was named by Coach "Curly" Lambeau as assistant coach. Thus, he has operated two seasons in a dual capacity of coach and player, both successfully. He joined the Packers in 1935 after a brilliant career at Alabama, where he was named to most of the nation's All-American teams. In his first game as a Packer, he snared a long pass from Arnie Herber to score a touchdown that whipped the Chicago Bears. He has been adding to his laurels ever since.

Slender for the pro sport, Hutson won the league's individual scoring record five consecutive seasons (1940-1944). He is the only player ever to receive the league's most valuable player award two years in succession. He was a unanimous choice for all-league end six straight years and in 1942 won fifth place in the Associated Press poll to determine the outstanding male athlete of the year. In 1945, he scored 10 touchdowns, 2 field goals and 31 points after touchdown for 97 points to boost his all-time scoring total to 825 points. He scored 105 touchdowns, 55 more than the second highest man in league history. Against Detroit in 1945, he scored 4 touchdowns, 4 extra points and a field goal for 31 points, second best one-game total in the league's history.

In the off season, Hutson operates one of Wisconsin's finest bowling establishments. Last spring he was also granted a franchise as northern Wisconsin and Upper-Michigan distributor for a nationally known automobile.

LINE COACH — WALTER KIESLING

The 1946 season marks the 21st consecutive year that Line Coach Walter Kiesling has been in the National Football League, a record matched by few others in the major professional football circuit. Walt, who signed a two-year contract to coach the Packers' line after his first year in Green Bay as a coach in 1945, entered the pro league's ranks in 1936 after his graduation from St. Thomas College in St. Paul.

Walt, a genial and capable mentor, played in the 1926 and 1927 seasons with the Duluth Eskimos under Ernie Nevers. In 1928, he joined the Pottsville eleven and then played five years with the Chicago Cardinals (1929-1933). He was named all-league guard on the official team in 1932. Kiesling played with the Chicago Bears in 1934 and in 1935 and 1936 he toiled with the Packers.

In 1937, Kiesling went to Pittsburgh in a coaching capacity. He was assistant coach two years under Johnny Blood, head coach four seasons and co-head coach when the Steelers merged with Philadelphia and then with the Chicago cardinals. He was signed by the Packers after the 1944 season.

Walt ranks as one of the best linemen ever to play the guard spot in the post-graduate game. He is an expert on defensive tactics. Last year he molded a solid forward wall although faced with several handicaps, including the loss of the entire right side of the Green Bay line of 1944, a championship year. During 1945, the line opened the way for 21 Packer touchdowns running, second best mark in the circuit and only one less than the 22 which won Philadelphia the top spot in that department last season.

DON HUTSON, football's greatest stylist and holder of a dozen and a half major league records, more than any other man who ever played the game, has been identified with the Green Bay Packers for thirteen years, eleven as a player and two as assistant coach. As a player he is the only man to win the National League's most valuable player award twice, having been chosen by an overwhelming majority in 1941 and 1942, and barely missing the award in 1943 and 1944. He handles the ends, passers and pass defense.

WALTER KIESLING has been in the National league as a player and coach for 22 seasons. Coming up as a guard in 1926 from St. Thomas College (Minn.), Kiesling played with the Duluth Eskimos, Pottsville Maroons, Chicago Cardinals, the Chicago Bears and finally the Packers in 1936. Thereafter he served as assistant coach and later head coach of the Pittsburgh Steelers. His Steelers in 1942 came within a hair of winning the eastern division championship. In 1945 he returned to the Packers as line coach.

BO MOLENDA was a member of the Packers' world championship teams in 1929, 1930, and 1931 coming to Green Bay after a season of preparatory work with Red Grange's New York Yankees. At Michigan in 1925 and 1926, he was the varsity fullback on Michigan's Big Ten championship teams. From Green Bay, he went to New York to finish his playing career with the Giants and later became backfield coach for the Giants, a position he surrendered to enter the service. After 45 months in the Navy, he was signed by Coach Curly Lambeau as backfield assistant.

Now We're Sure That You're Sure!

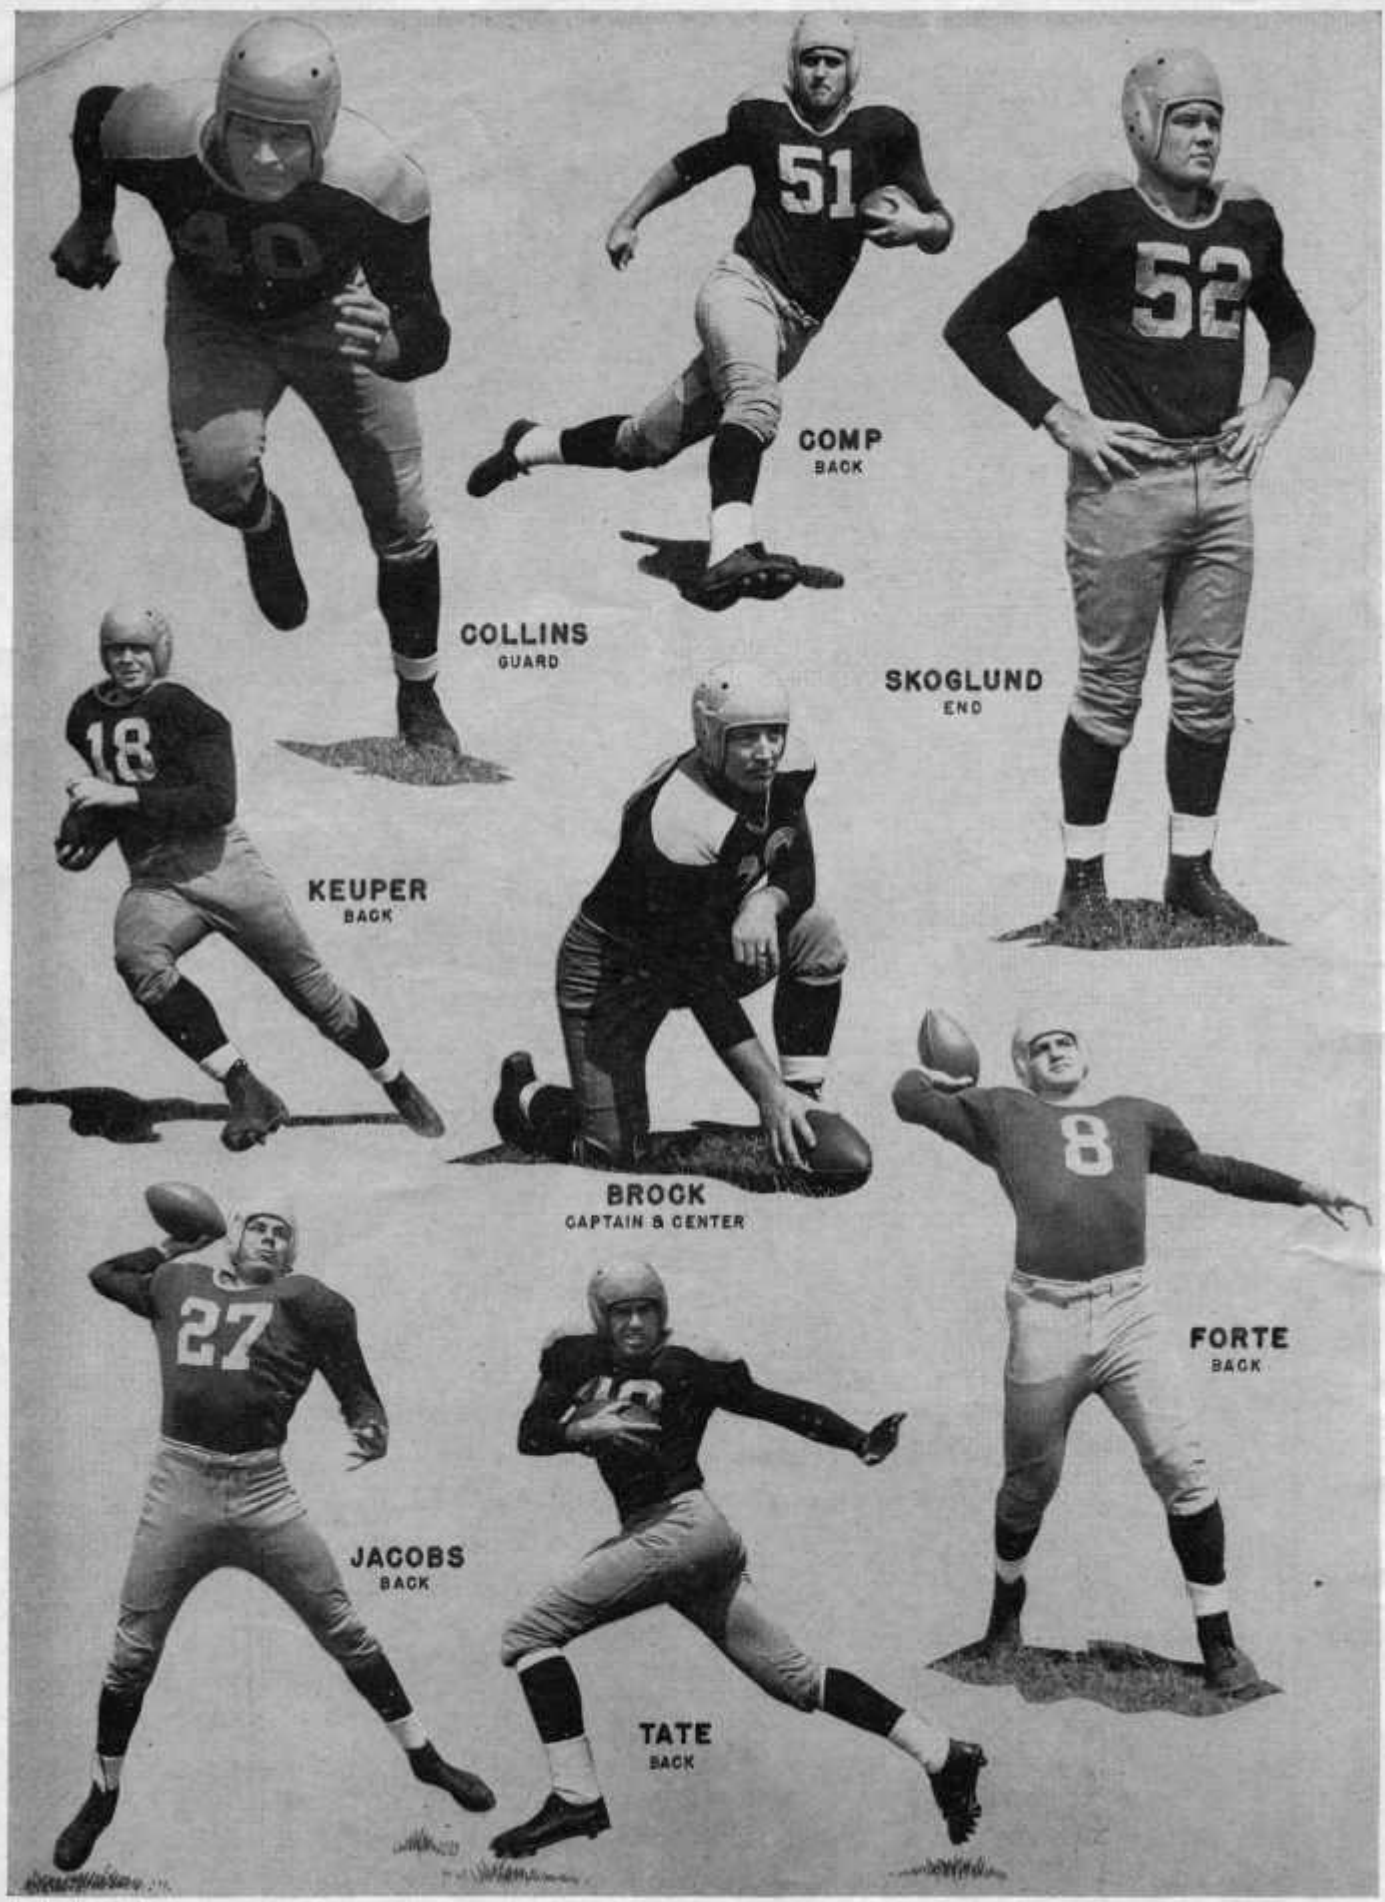

WE'VE BEEN SURE FOR YEARS... 90 of them, in fact, that the homely old virtues of integrity and craftsmanship always pay off. Today we're even surer that this high tradition is well expressed in our famous motto "make finer whiskies... make them taste better."

For more people than ever before in our history are enjoying highballs and cocktails made of Seagram's 7 Crown.

Yes, now we're *sure* that you're *sure*.

Say **Seagram's** *and be* **Sure**... *of Pre-War Quality*

THE PACKER PICTORIAL REVIEW

PUBLISHED BY GREEN BAY PACKERS, Inc.
EMIL R. FISCHER, Pres.

VOL. 2 — 1948 CARDINAL EDITION — OCTOBER 10

DESTINY AND A TONSIL

THIRTY YEARS AGO the Packers were an escape for a dynamic young man named Curly Lambeau, whose yen for rigorous athletic competition amounted to an obsession. Today, under the same Curly Lambeau, the Packers are the foremost civic advertising medium in America, a million dollar enterprise that spreads the name of Green Bay to all corners of the world and paces the progress of football.

Lambeau, of course, gets all the credit. But perhaps some of it should go to a fractious tonsil, for the story of the Packers rightfully begins with this Tonsil of Destiny.

At Notre Dame in 1918, where as a freshman he starred at varsity fullback on Knute Rockne's first team, Lambeau was stricken with a severe case of tonsilitis. South Bend doctors wanted to operate, but Lambeau demurred. He was a Green Bay boy and Green Bay doctors were going to get his business. Also he had always been too healthy to take surgery in stride. Frankly, he had "apprehensions."

By the time Green Bay surgeons had eliminated the trouble, Lambeau had dropped so far behind in classes that it seemed advisable to put off a return until the fall term in 1919. Before the fall term, however, other circumstances intervened and Curly remained in Green Bay, where eventually the urge to play more football led him to organize the Packers.

Some of the more appreciative Packer fans, especially the business men of Green Bay and the Fox River Valley, shudder to think what would have happened if Curly Lambeau's tonsil had been as strong as the rest of the hero of old East High. What would have happened? Well, in all probability he would have returned to Notre Dame, played three more years, become an All-American and wound up devoting a lifetime to character building at, perhaps, Milsaps or Milwaukee Teachers—maybe even at Ouchita College.

THE COVER

Earl L. (Curly) Lambeau, vice-president, general manager and head coach of the Green Bay Packers, who founded the club in 1919 and has directed it to six world championships.

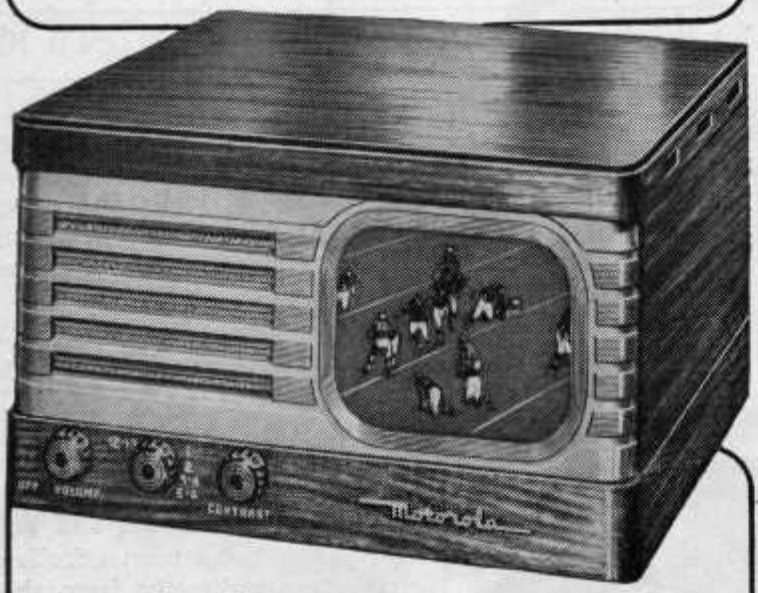

Recognized as the dean of professional coaches and one of the outstanding figures in all coaching, Lambeau has contributed generously to the development of football. Most of the "T" formation's most effective plays come directly from the offense with which he set an unequaled record by winning consecutive world championships in 1929, 1930 and 1931.

One of the finest compliments paid the Bull, as his Packer players affectionately call him, came recently at Birmingham where a leading college coach made a special trip to get Green Bay's defense and went away empty-handed. After studying the Packers in their 43 to 0 conquest of the Washington Redskins, the coach said, "Whatever Lambeau does on defense is the best that has ever been done, but what it is, I'll be blamed if I can figure out!"

The Packers, however, are not only an athletic force. They also are a potent economic force. Surveys by expert analysts in Association of Commerce work and business men place conservatively at more than three-quarters of a million dollars the amount of money spent in Green Bay during a championship season. Figuring in the monies spent by football fans up and down the Valley, coming and going, on days when the Packers are playing either in Green Bay or Milwaukee, the estimates exceed two million dollars annually.

And it all came about because of a fractious tonsil.

ASSISTANT COACHES

DON HUTSON

Don Hutson began his professional career fourteen years ago in City Stadium in Green Bay by catching an 87-yard pass from Arnie Herber on the first play from scrimmage for the touchdown that defeated the Chicago Bears, 7 to 0. He continued to play end, set records and win games for the Packers for eleven years, then joined Curly Lambeau's staff as an assistant coach in charge of ends and defense. Possessor of a dozen and a half major league records, more than any man who ever played football, Hutson twice was named the National League's most valuable player (1941 and 1942), and eight times was named all-league end.

BO MOLENDA

Fullback on the Packers' championship teams of 1929, 1930 and 1931, Bo Molenda went to the New York Giants to finish his playing career and stayed on there as an assistant to Coach Steve Owen. In 1941 he was coach of ends at Lafayette College, surrendering the position to join the Navy. After 45 months' service, much of it overseas, he returned to football as backfield assistant to Curly Lambeau. Molenda began his professional career as a member of Red Grange's New York Yankee eleven, after three years of stardom as fullback of Michigan's Big Ten championship team.

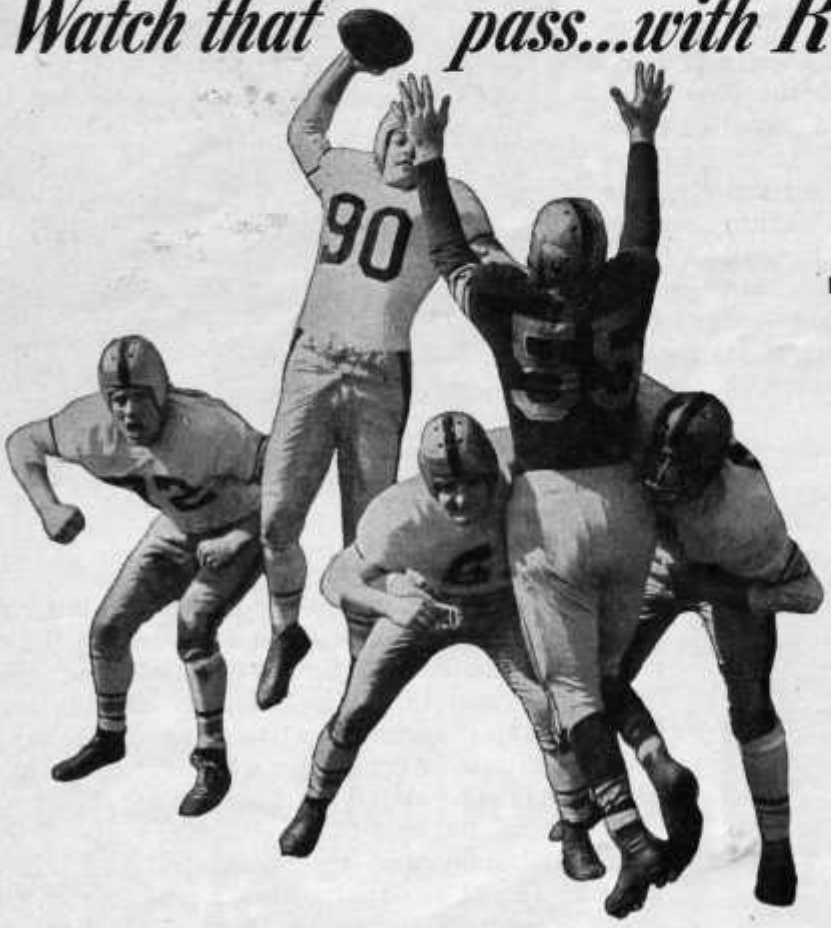

WALTER KIESLING

Walter Kiesling's return to the Packers as line coach in 1945 was evidenced almost immediately in the records, where the Packers for the last two seasons have led the National League in defense. Kiesling began his professional career as a guard an Ernie Never's Duluth Eskimos in 1926, after a brilliant career at St. Thomas College. After the Eskimos he played with the Pottsville Maroons, Chicago Cardinals, the Chicago Bears and finally with the Packers in 1936. Thereafter he served as Johnny Blood's assistant in Pittsburgh, eventually succeeding Blood as head coach of the Steelers. This is his 23rd season in the National League.

Out of deference to the gentlemen involved in this play, who may sometime have to make explanations to their grandchildren, the *Review* is limiting identification to the game (Green Bay vs. Detroit), the place (Milwaukee), and the time (1942). It was a pass from Cecil Isbell. There is no truth to the report that Fred Astaire was coaching that day.

Lou Brock, the Kansas wheat rancher and former Purdue star, picks up 19 yards against the Chicago Cardinals in 1943. Helping Brock get into the clear are Larry Craig (No. 54), then a blocking back, and Buckets Goldenberg No. 43), who is bumping Buddy Packer, now a Cardinal coach, out of the way. The Cardinals won, 27 to 7.

Bruce Smith appeared off on a long gain against the Cardinals in Comiskey Park on November 11, 1946, but Dave Parker, the Cardinals' end, slipped in from the side to hold the Packer halfback to two yards. The Packers won the game, however, 19 to 7. Two weeks later the Cardinals took revenge at Green Bay in the rain. Remember?

When day is done...

you deserve SCHENLEY

6 o'clock in New York. Ask a smart New Yorker his idea of a perfect set-up, as he catches a few moments of well-earned enjoyment. He'll tell you it's good friends, good talk—and a Manhattan made with the one whiskey you deserve when day is done—light, mild, friendly *Schenley*.

6:30 on a Texas Ranch. Now visit the hard-working Texas rancher when his day is done. He'll want his whiskey neat—the *brand* is richer, *finer Schenley!*

5:30 aboard the S.S. America. Join us on this famous liner, and note the preference for light, mild, friendly *Schenley* highballs.

Barbecue-time in Palm Springs. In luxury hotel or rustic lodge, all America agrees: When day is done, you deserve *Schenley*.

From the House of Aged* Whiskies SCHENLEY

In distinctive decanter or familiar round bottle, traditional Schenley quality

Enjoy Schenley pre-war quality Blended Whiskey tonight!

These *facts* tell the story of Schenley's *finer* pre-war quality:

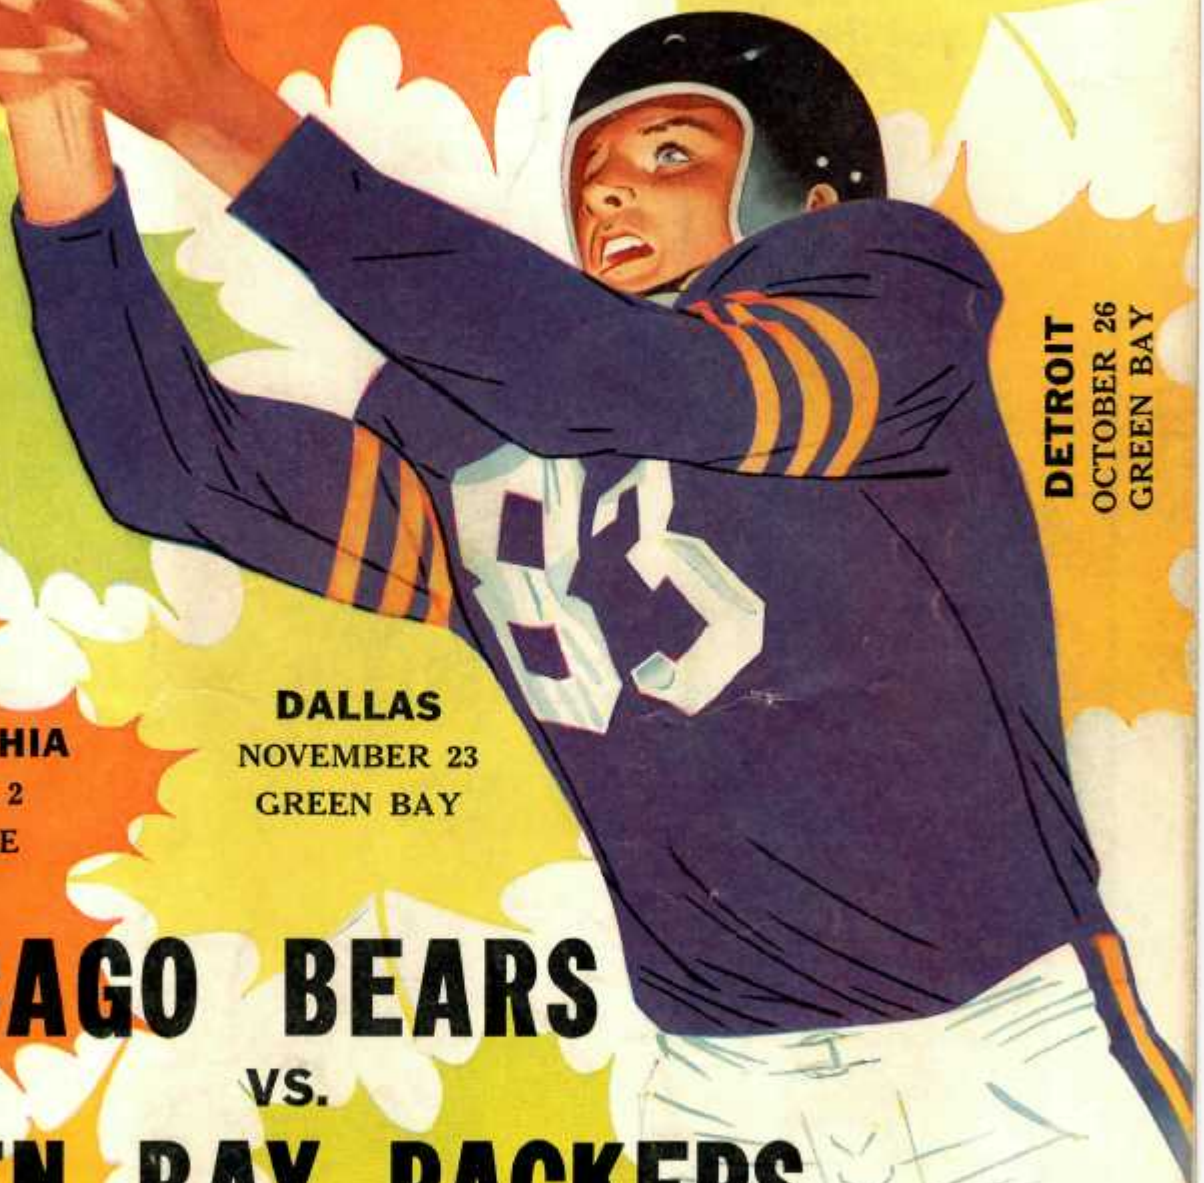

• The straight whiskies in this product are 5 years or more old. 35% straight whiskey, 65% grain neutral spirits, 86 proof. 10% straight whiskey 5 years old, 21% straight whiskey 6 years old, 4% straight whiskey 7 years old.

FOR ALL THE SPORTS NEWS IN PACKERLAND

Once again this year all league games of the Packers will be broadcast "on the spot" by both Press-Gazette stations, members of the Wisconsin Network.

Plus daily news coverage of the Packers and all sports events.

The Press-Gazette has always felt that Green Bay is the thriving city it is today because of it's great all-around sports program — spear-headed of course by the Packers. That is why the Press-Gazette, through its newspaper and its radio stations, not only offers full news coverages of all sports events, but goes beyond that to assist in the promotion of sporting events in the community.

AND THAT IS WHY THE PRESS-GAZETTE IS READ IN ALMOST EVERY HOME IN PACKERLAND — Whatever the product or service you sell, sell it through the medium that is out to sell Green Bay — the Press-Gazette organization.

WHO'S WHO ON PACKER COACHING STAFF

GENE RONZANI, HEAD COACH

GENE RONZANI, Head Coach — Ronzani is now in his third year as Packer head coach, and many fans are looking forward to Gene coming up with the best Packer team he has turned out yet. In his first two seasons his teams played sparkling ball but lack of reserve strength on the squad cost them many close games. Ronzani is a firm believer in hard work as the only way to build a winning team, and he and his staff are the hardest workers on the club. He came to the top in professional football from a start as a star at Iron Mountain High School in Upper Michigan and then a brilliant career at Marquette in Milwaukee. He spent 16 years in the Chicago Bear organization as a halfback, then a T-quarterback, coach of two Bear farm clubs in Akron and Newark, and finally assistant coach with the Bears. He's 43 years old and single and makes his year-around home in Green Bay.

DICK PLASMAN, Assistant Coach — Plasman received his baptism of professional football experience with the Chicago Bears and Cardinals and he was one of the best ends in the league with both teams. His home is in Coral Gables, Florida, and he's a graduate of Vanderbilt University. He played with the Bears from 1937 through 1941 when he entered Naval service during World War II. He was a player-coach with the Cardinals in 1946 and 1947 and a full-time assistant coach for the Cards in 1948 and 1949, coming to the Packers with Ronzani. He's married and has two daughters.

RAY (Scooter) McLEAN, Assistant Coach — Another old enemy of the Packers as a scat halfback with the Bears. McLean is in his second season as an assistant Packer coach and has become a permanent resident of Green Bay with his bride of less than a year. He played his college football at St. Anselms in Manchester, New Hampshire, and then had eight great seasons with the Bears as a halfback. He had been head coach at Lewis College at Lockport, Illinois for three years when Ronzani brought him to Green Bay.

JOHN L. (Tarz) TAYLOR, Assistant Coach — Tarz is the dean of the Packer staff in years of experience and he's one of the real old-timers in professional football. He's spent 35 years in the coaching game. Taylor is a native Badger, hailing originally from Superior, and like Ronzani later, Taylor went to Marquette and then to the Bears the first year the National Football League operated, 1921. He wound up his playing career as a lineman with the old Canton Bulldogs, and became line coach at Michigan State in 1924. He went to Ohio University in 1927, Ohio State in 1928 and 1929. That year he was named head coach at Marquette and he stayed there until 1942 when he retired to write a syndicated sports column. He returned to the pro league in 1947 with the Baltimore Colts and came to the Packers with Ronzani in 1950. He's single and lives in Green Bay.

CHARLES (Chuck) DRULIS, Assistant Coach — Another veteran Chicago Bear player. Drulis got his chance at a coaching position under Ronzani when Gene brought him here as a player in 1950, then made him an assistant in 1951. He played six years for the Halasmen as a guard, and won All-League honors in 1948. At Temple University he had been an All-Eastern lineman, and he's considered an expert on line play in the T-formation. Drulis is married and has two children.

FREDERICK C. MILLER
HONORARY COACH

FREDERICK C. MILLER, Honorary Coach — Is president of the Miller Brewing Company in Milwaukee. A member of the Green Bay Packers' directorate. Miller, was captain of the 1928 Notre Dame grid machine and was chosen All-American tackle that season. He has continued to be an All-American in his support of athletics in the State and Nation. He finds time from his busy schedule to meet with Packer personnel lending his business and football experience in an advisory capacity.

HOW CAN THE PACKERS STAY IN THE NATIONAL FOOTBALL LEAGUE?

EMIL R. FISCHER

That question is constantly asked by big city sports writers. And the answer is very simple. It's because the Packers are owned and supported by their fans — a situation unique in professional sports. The Packers were the pioneers in community-owned sports organizations — and still are.

Some 1,700 stockholders own the Packers. They include everything from large business concerns to small merchants and individual fans. The Packers are run by a board of directors elected by these stockholders, which in turn elects officers and an executive committee to handle the details. All are individuals who donate their time to make the Packers click.

PRO GRID NOTES

By G. W. CALHOUN

Bulldog Turner, who has battled the Packers for a dozen years, is again carrying on for the Chicago Bears. The famous center had planned to retire but 'Big Bear' Halas induced the Hardin-Simmons product to return to the Bruins. Turner will double as a coaching staff member and player.

Back in 1932 the Packers and Bears played pretty close to their belts. The teams locked horns three times that fall and only 11 points were scored. In the September game here, it was a 0-0 tie. Two contests were staged later in the season at Chicago. The Pack copped the November fracas, 2-0 and lost the December tilt, 9-0.

Cpl. Larry Coutre, former Notre Dame ace who was a slick ball carrier for the Packers in 1950, is still stationed at Camp Breckenridge, Kentucky, where he is in charge of the recreation department. Larry has whipped up quite a sport program for the soldiers and has developed some good teams.

Steve Pritko, former Packer end, is still in the football news. A news clipping from California tells about Pritko on the job as coach at Mount Carmel High School in Los Angeles.

Racine, Wisconsin, had three years in the NFL (1922-24) and George (Babe) Ruetz was the general manager of the Legion team. Death took him off the sport scene some 24 years ago. His son Howie, has carried on in football and earned his 1951 spurs as a recruit tackle for the Packers. He's playing again this year.

Fred Vanzo, a blocking back for the Packers a few years ago, is said to be one of the bright spots of the Auto-Lite concern along the Detroit business front. Vanzo was only here a year but he made a lot of friends throughout Packerland.

Verne Gagne, Minneota end who played several pre-season games with the Packers in 1949, is going places in the wrestling world. Gagne is a "straight man" on the mat and doesn't go in for any of the hokus-pokus stuff.

New plays always get lots of attention and the Packers' 'spread-eagle' shifts of Gene Ronzani continue to stir up comment of sportcasters and the newspaper columnists.

Commissioner Bert Bell has been complimented on the way he has moved his officiating teams around the circuit. Pro football fans like to see different whistle-tooters and the change of scenery sometimes resulted in better- handled games.

Ed Frutig, former Michigan end who played a year with the Packers, has moved out of Washington State where he was on Forest Evashevski's staff in 1951. The ex-Michigander is back in Detroit and has affiliated with an advertising firm. He will probably do some football officiating this fall.

Peter M. Platten, whose loud speaker service has been used at Packer football games in Green Bay for many years, again holds forth as vice-president of the West Side State Bank. Platten is a graduate of Wisconsin and during his college days starred on the track team as high jumper.

EVER SINCE 1921

Ever since 1921 the Packers and Chicago Bears have been at it during one of the longest football feuds in NFL history.

Today's game is the 68th encounter in the gridiron marathon.

The Windy City Halasmen have triumphed in 39 contests while Green Bay scored 23 victories. Five of the encounters were tied.

In total points for the 67 battles, the Bears have scored 1040 against 740 for the Pack.

When the Packers won their first NFL championship in 1929, they went through the season without a defeat. The Bays won a dozen games. The Thanksgiving day tilt at Frankford (Philadelphia) resulted in a scoreless tie. The Packers chalked up 212 points against their opponents' 24.

There is always a lot of forward pass conversation when the Packer old-timers get together and it is quite natural because Arnie Herber (1930-'40), a long distance hurler if there ever was one, always is in the middle of the "bull session." Arnie, blessed with a strong right arm, could toss the pigskin like a baseball.

According to Cub Buck, all-time Packer tackle, there is a lot of pro football interest in the tri-cities, Rock Island, Moline, and Davenport. Buck is the No. 1 Packer booster down Rock Island way. Cub always "feeds" the press and radio with gridiron tid-bits he gets from Green Bay football headquarters.

Charlie Berry, a brilliant end for the Pottsville, Pa., Miners in the late 20's, is the "marathon" officiating champ. In 1951, Berry worked an American league double-header at Chicago White Sox baseball park and then raced over to Soldiers Field where he was the headlinesman in the All-Star football classic. It was about a 10-hour stretch.

M/Sgt. Ivan (Tiny) Cahoon has returned to Gonzaga University as an ROTC instructor. Cahoon graduated from Spokane, Wash., institution in 1925. He was a star football guard. In 1927 Cahoon launched his pro gridiron career with the Packers and he has traveled around plenty ever since.

Some football officials even move fast off the field. Take Ronald Gibbs, NFL referee, for instance. One week end last fall, he worked a college game Friday night in Detroit, then flew down south for a Saturday afternoon rah-rah fracas and planed back to Chicago for a pro contest Sunday.

Walter (Tillie) Voss, and Harold (Dutch) Lauer, Packers of the early 20's, have been listed among the 'top 10' athletes ever to perform for the University of Detroit. Lauer was a hard-running halfback while Voss gained national fame as a pass-grabbing end and sharp-shooting basketballer.

REPRESENTED FOR NATIONAL ADVERTISING BY DON SPENCER CO., INC., 271 MADISON AVE., NEW YORK, N.Y.

Green Bay Packers' End Ray Pelfrey (8) swings to the outside for a substantial gain before Chicago Bear tacklers Gene Schroeder (88) and George Connor (81) intercept him.

☆

Tough-talking, barrel-chested, big-hearted Bert Bell is the Commissioner of the National Football League. He has had experience in every phase of football, from prep school and college player to owner of a professional team and now commissioner. He was one of Pennsylvania's all-time greats, coached at Penn and Temple, and then bought the Frankfort Yellowjackets in 1933. He changed the name to the Philadelphia Eagles and was its owner and coach until 1940, when he sold that club and became a co-owner of the Pittsburgh Steelers. He was elected commissioner in 1946, succeeding Elmer Layden.

VERNE C. LEWELLEN, General Manager

Verne C. Lewellen

An all-time Packer great, Verne C. Lewellen, is directing the Green Bay Packers for the third season as its first General Manager. Lewellen was a spark plug in the backfield that saw Green Bay sweep to three straight World Championships in 1929, 1930 and 1931.

He was a fine running halfback, a great defensive player, but was particularly noted for his punting. Before joining the Packers he was an All-Conference halfback and baseball pitcher at Nebraska and after graduation tried out with the Pittsburgh Pirates as a pitcher before reporting to Green Bay in 1924.

A lawyer by profession, he was elected District Attorney of Brown County while still active in football and served two terms. He contimued his law practice and entered the employ of Standard Oil Company where he was personnel supervisor and later tax supervisor.

Born in Garland, Nebraska, Lewellen is a widower and has three children, two sons and a daughter.

LISLE W. BLACKBOURN, Head Coach

Lisle "Liz" Blackbourn, considered by the contemporaries in the coaching profession, as an exact fundamentalist; strict disciplinarian; shrewd tactician and a leader of the men he coaches. He first gained renown as football coach at Washington High School in Milwaukee, where he compiled an enviable record of 140 victories, 30 losses and 6 ties, and won 10 city championships in 22 years. The Packers signed him after he had coached at Marquette University for four years and had brought the Hilltoppers to a position where they figured in the national ranking. His last season at Marquette, his team won 6 and lost 3, with the losses at the hands of Big Ten teams — Wisconsin, Indiana and Michigan State. These three losses were by a mere total of nine points. Blackbourn is a native Wisconsin product. He was born in Lancaster, attended school there and starred in football for four years at Lawrence College. In 1946 he retired as football coach at Washington High School in Milwaukee to become a full-time football scout for the University of Wisconsin. He was named backfield coach at Wisconsin the following year and when Harry Stuhldreher resigned as Badger coach, Blackbourn was one of the top ranking candidates for the head job. He joined Marquette in 1949 as assistant coach to Frank Murray and advanced to the head coaching position in 1950. Blackbourn came to the Packers in 1954 and there began raising of the Packer fortunes. He soon had the Packers playing the type of football that was appealing to the fans. In the first 10 games of the 1954 season, the Packers had won four games and lost six but those six defeats were by a meager margin of 27 points. Blackbourn came within one vote of being named "Coach of the year."

Last season the Packers were a contender down to the last few games of the season when they were nosed out by Los Angeles and the Bears. They wound up the season with a record of six wins and a like number of defeats, but all Packerland was happy over the improved play and spectacular brand of football the Packers displayed.

RAY "Scooter" McLEAN — Asst. Coach

Thirteen years of professional football is the background of the Packers' backfield coach, Ray "Scooter" McLean, who was one of the fastest halfbacks in football when he was performing with the Chicago Bears. He is now in his sixth year with the Packers and was the only holdover coach signed by Green Bay when Lisle Blackbourn took over as head coach.

His playing career with the Bears was over a span of eight years during which time the Bears came through with four championship teams. Prior to joining the Packers, McLean was head coach at Lewis College in Lockport, Illinois, from 1948 to 1950. Born in Lowell, Mass., on December 6, 1915, he was a Little All-American halfback at St. Anselm's College in Manchester, New Hampshire. He also competed in track, hockey and baseball at St. Anselm's. He is married and has a son and daughter.

LOU RYMKUS — Asst. Coach

Seven seasons of championship play with the Cleveland Browns left a mark on the Packers' line coach, Lou Rymkus, and the Packer forward wall is now getting the benefit of experience from one of the NFL's all-time great tackles. Rymkus joined the Browns in 1946 and was All-Pro tackle for four of the six seasons. Before that he was a member of Frank Leahy's first Notre Dame team which went through the 1941 season unbeaten.

After leaving Notre Dame, he played a year of pro football with the Washington Redskins and helped them capture the Eastern Division title in 1943. While serving in the Navy he played on Bainbridge Naval Training Station's unbeaten eleven. He joined the Browns after his stint with the Navy. Retiring from the Browns in 1951 he line-coached the Calgary Stampeders of the Canadian league for two seasons before joining the Packers in 1945. Born in Royalton, Illinois, he is married and the father of twin sons, Pat and Mike.

EMMETT "Abe" STUBER — Asst. Coach

The Packers' new defensive coach brings with him a rich background of T-formation playing and coaching. He was head coach at Iowa State for seven years (1947-1953) and was top aid at the University of Washington in 1954. Last season he was offensive backfield coach of the Philadelphia Eagles. In his playing days he was All-Missouri quarterback at the University of Missouri. After graduation Stuber worked and coached at a Middetown, Ohio steel mill and started a brilliant college coaching career in 1928 when he was named head football and track coach at Westminster College, at Fulton, Missouri remaining through the spring of 1932.

Starting the fall of 1932 and continuing through the spring of 1947, Abe was head coach in football, track and basketball at Southwest Missouri State College. Since starting his coaching career he has won 22 championships in three sports. Abe is married and the father of two children. He makes his home in Piedmont, Missouri.

EARL KLAPSTEIN — Asst. Coach

Klapstein co-ordinates the play of the defensive ends, tackles and middle guards with Abe Stuber's defensive backfield. In addition to his coaching, Klapstein serves as game scout and assists Talent Scout, Jack Vainisi. Earl is a native of Lodi, California and a former State Athlete at College of Pacific. He played center and coached at San Diego Navy in 1944 and 1945. In 1946 he played tackle with the Pittsburgh Steelers. He entered the coaching field at Montica, California High School in 1947. Earl was appointed head coach of Stockton College in 1949. The up and coming coach moved to the University of Idaho as line coach for the 1954 and 1955 seasons.

The 34-year-old Klapstein is married and has three children. In the off-season he will do public relations work for a California concern.

JACK VAINISI — Talent Scout

Talent scouting has developed into a year-around job and the Packers are particularly well fortified in this department with Jack Vainisi in charge. Vainisi is starting his seventh year with Green Bay. He played football as a freshman at Notre Dame in 1945 under Coach Hugh DeVore, a former Packer assistant coach. In 1946 he went into the Army and was named to the Stars and Stripes All-Service team. An illness cut short his Army and football career and he went back to Notre Dame, finishing there in 1950. A product of St. George High School in Evanston, Illinois, Vainisi is married and has one daughter.

Smooth Handling

makes the schedule easier!

OLSON'S "know-how" for smooth handling of freight shipments from pick-up to delivery helps to eliminate costly schedule delays. In this day of increasing competition for business, ***prompt delivery of your products*** is as important to successful merchandising as quality and price.

"Avoid delay" are by-words with the Olson Transportation Company. All shipments must go through promptly. And they do! As a result, consistently prompt deliveries day after day, year in and year out, have helped to make the Olson Company one of the largest, most dependable motor transport firms in the Midwest.

Today, Olson transport units and complete terminal facilities in Chicago and 20 Northeastern Wisconsin cities maintain fast, sure, overnight service between Chicago and the Wisconsin - Upper Michigan territory which we serve.

For complete information on the many services we offer, as well as a most interesting insight on our organization and operation, write direct or ask an Olson representative for our 16-page booklet — "Mile after Mile."

Everybody out of the rut...the '64 Buicks are here!

Our happiest problem for '64 was: how to beat a winner? According to thousands of owners, the 1963 models just about had it made in all departments. But—when your name is *Buick*—you just don't rest on your laurels. You keep pushing to make a great car greater. So . . . the '64 Buicks are new—but *new*. New engines, V-6 or V-8 (you'll like their new gas economy), new, smoother, extra-cost option, Super Turbine Transmissions (and who, but Buick, would build in an altitude compensator?). Youngest looking Fisher Bodies in town! Visit a showroom, sit in any one of the new Buicks, and practice this short easy line: "My Buick." Sounds good, doesn't it?

...above all, they're BUICKS!

VINCE LOMBARDI, Head Coach and General Manager

VINCE LOMBARDI — Head Coach

The story of football in Green Bay, Wis., has long been one of the NFL's best known legends. Some of the greatest chapters in that city's gridiron history, however, are still being written.

In effect, he has changed the name of Green Bay to "Titletown, U.S.A." while engineering one of the NFL's most remarkable feats — that of making a championship club out of a cellar-dweller.

Green Bay won just one of 12 NFL games in 1958. That was the Packers' worst season in 40 years. Then the Lombardi regime began with the former Fordham star serving in the dual role of head coach and general manager.

The Packers bounced back with a 7-5 mark in 1959, earning Lombardi numerous "coach of the year" honors. But the best was still to come.

They captured the Western Division title the following year. Then the Packers climaxed their drive to the top by claiming the NFL championship the past two seasons with a 37-0 and a 16-7 victory over the New York Giants, Eastern Division titlists whom Lombardi at one time helped coach.

Today, the man who was born in Brooklyn on June 11, 1913, reigns as Green Bay's number one citizen.

A man of tremendous drive, Lombardi continued school after winning three football letters at Fordham, working toward his law degree. To help meet expenses, he coached at St. Cecelia High in Englewood, N. J.

Lombardi in 1949 began a five-year career at Army, working in Army's T-attack. The cadets had an unbeaten season in his first year.

He moved into the professional ranks as offense coach of the New York Giants in 1954 and promptly demonstrated dramatically the value of a balanced running and passing attack in pro football.

In 1959, he began a new career as head football coach at Green Bay and that spelled the beginning of this new era for the Packers.

Left to Right: NORB HECKER, BILL AUSTIN, PAT PEPPLER, VINCE LOMBARDI, RED COCHRAN, PHIL BENGTSON, TOM FEARS.
Defensive Backfield *Line* *Player Personnel* *Head Coach* *Backfield* *Defense* *Ends*

BILL AUSTIN

Offensive Line Coach

Bill Austin, the youngest member of a young staff, graduated from Oregon State College in 1949 after playing tackle four years for the Beavers. He was a starter in the East-West Shrine Game of 1949 and also played in the Hula Bowl. In 1949 Bill played regular tackle with the New York Giants even though he was only twenty years old.

At the very height of his career, he was called into service and stationed in Japan where he was Head Coach of the Far East champs at Camp Drake, Tokyo.

Austin rejoined the Giants in 1953. At the end of the 1954 season he was selected to play in the Pro-Bowl Game and in 1955 was named on the All-Pro eleven. Bill was selected for the Hula Bowl Game for the second time after a very fine year with the World Champion Giants in 1956.

Austin was line coach at Wichita University in 1958.

Green Bay lines under Austins' guidance have been called the finest ever produced in the NFL.

PHIL BENGTSON

Coach of Defense

Phil Bengtson had built some of the toughest lines in the NFL during his eight seasons with the 49'ers.

A native of St. Paul, Phil was an All-American tackle at the University of Minnesota in 1933-34 when the Golden Gophers were the scourge of the collegiate football world. After climaxing his playing career in the Shrine East-West game, he joined the staff of Don Faurot at the University of Missouri.

Phil came west in 1940 with Clark Shaughnessy and had an important role in the development of the famed "Cinderella" team that captured the Pacific Coast Conference title and trounced Nebraska in the Rose Bowl.

He spent four years in the Navy during World War II, returning to Stanford in 1946 as chief aid to Marchy Schwartz.

Phil became a member of the 49'ers staff under Buck Shaw in 1951.

Bengtson brought the Packers from the worst team defensively in 1958 to its present highly regarded position.

JOHN "Red" COCHRAN

Offensive Backfield Coach

Red is in his eighth year of coaching in the National Football League having been the backfield coach of the Detroit Lions for three seasons before joining Vince Lombardi at Green Bay. As the backfield coach he is responsible for the offensive unit and works the press box phones with Hecker.

Cochran played professional ball with the Chicago Cardinals from 1947 through 1950 then accepted the backfield coaching spot at his alma mater, Wake Forest, from 1951 through 1955.

Cochran was a star athlete for Wake Forest in 1940, 1941 and 1946 and at the time of graduation could have chosen pro football or baseball.

Red's fiery enthusiasm rubs off on his players.

The Cochran coached world champion backfield led the league in rushing and scoring during the 1961 and 1962 season.

TOM FEARS

Offensive End Coach

Tom was the end coach on Vince Lombardi's first Packer team in 1959 and helped develop Boyd Dowler to "Rookie of the Year."

Fears is a coach accomplished at the techniques he teaches because he was a receiver par excellence for the Los Angeles Rams for nine years and ranks below only Don Hutson in the number of career receptions. Both the Ram and NFL charts feature his name prominently.

Fears holds the NFL record for most passes caught in a season (84) and most passes caught in one game (18), oddly enough, against the Packers in 1950. Tom returned to the Rams for the 1960 and 1961 seasons.

NORB HECKER

Defensive Backfield Coach

Norb Hecker in his playing days was one of the National Football League's finest defensive halfbacks when playing with the Los Angeles Rams and the Washington Redskins.

A native of Olmstead Falls, Ohio, Norb was a former Baldwin-Wallace College Little All-American in 1950. He was captain of the Baldwin-Wallace football team and also participated in baseball, basketball and track.

Norb was traded to the Redskins in 1954 but decided to play with Toronto of the Canadian League.

In 1958 Hecker returned to Canada to become a player-coach for the Hamilton Tiger Cats with Jim Trimble.

Hecker played in 86 consecutive games and intercepted 28 passes in his six seasons in the NFL.

The defensive backfield, under Hecker's guidance, allowed less than 150 yards completed per game. This was good for the number two spot in the standings in 1959. Last years defensive unit came up with many timely interceptions to break up enemy drives.

ALBERT "Pat" PEPPLER

Player Personnel

Albert (Pat) Peppler joined the Deacons at the close of spring practice after eight years as an assistant at N. C. State. His chief responsibilities were working with the centers and linebackers.

Pat was a successful high school coach at Michigan's East Lansing and Grant high school, winning a state championship in football at each school, before entering the college coaching field.

He was a three-sport star at Shorewood, Wis., High School after his family moved from Baltimore, Md., to the mid-west. Pat enrolled at Michigan State in 1941, but entered the Army Air Corps after one year where he served as a basic flight instructor.

Pat lettered in basketball and baseball at Michigan State, from where he was graduated in 1948 with a B. S. in Physical Education. He is married to his former college classmate, Dora Jean "Lindy" Lindbloom of Detroit. They have six children, three daughters and three sons.

URBAN HENRY
No. 83 — Tackle

Henry joined the Rams in 1961 after three years with Edmonton in the Canadian League ...He broke into the Ram lineup as a regular, playing almost full-time in a defensive tackle spot...Henry has a reputation around the league as a rugged competitor...He came to the Packers as a free agent after being out a season with an injury...This is his third season in the NFL...Urban is single and his hobby, painting with oils on velvet, caused so much comment in Los Angeles that he may turn the activity into a permanent career.

SHRINK and HEAL HEMORRHOIDS WITHOUT SURGERY

Stops Itch – Relieves Pain

A famous research institute has discovered a new healing substance with the ability to shrink hemorrhoids, to stop itch and relieve pain—without surgery. The sufferer first notices almost unbelievable relief in *minutes* from itching, burning and pain. Then this substance speeds up healing of injured tissues all while it quickly shrinks hemorrhoids.

Tests conducted under a doctor's observation proved this so—even in cases of 10 to 20 years' standing. In fact, some sufferers were able to make such statements as "Hemorrhoids have ceased to be a problem." All this was accomplished without narcotics, anesthetics or astringents of any kind.

The secret is this new healing substance (Bio-Dyne®)—now offered in both ointment and suppository form called Preparation H®. Just ask for Preparation H Ointment or Preparation H Suppositories (convenient to use if away from home). Available at all drug counters.

Who cares what's inside... if it looks good outside?

KOHLER

If it's a Kohler fitting, it's All-Brass. That's the only kind we make. Because brass wears many times longer than pot metal. Brass resists the corrosive elements in water. And brass holds on to a chrome finish. So, because Kohler fittings are All-Brass they look better... wear longer...and need less maintenance. Do your buildings deserve anything less?

Kohler All-Brass fittings are equipped with Anti-Drip Valvet...
Valvet operates with smooth up and down movement...presses seat washer against valve seat to reduce washer wear. Valvet can be replaced easily—no special tools needed.

IT'S BETTER WHEN IT'S BRANDY

BEST WHEN IT'S THE CHRISTIAN BROTHERS BRANDY

This is the spirit! Just take it straight and you'll see. Because brandy is the spirit of the grape, it's the better drink. It has more character to give you, straight or in your favorite highball, manhattan or on-the-rocks. At home or at your favorite bar. And of all brandies, The Christian Brothers Brandy is lighter, smoother, has more taste. A change to brandy is a change for the better. To The Christian Brothers Brandy, a change for the best. 80 PROOF. SOLE DISTRIBUTORS: FROMM AND SICHEL, INC., NEW YORK, N. Y., CHICAGO, ILL.

NFL INFORMATION

Paid attendance in the National Football League topped the four million mark last season for the first time in history. The exact total for the regular season games was four million, three thousand, four hundred and twenty-one. That figure for 1962 is nearly double the paid attendance for 1952.

The National Football League is again sponsoring the nationwide youth competition, Punt, Pass and Kick for boys eight through 11. Last year four hundred and thirty-two thousand youngsters participated. Registration for the 1963 competition opened September third.

The average National Football League veteran is twenty-six, point eight years of age and reported to training camp this season with four point two years of experience.

Those many practical clothing and gift items you see on display around National Football League parks and in the leading department stores in your area have been developed by National Football League Properties, an organization owned and operated by the League's fourteen teams. It was formed to meet the demands of fans for items identifiable with their favorite team.

Sixty thousand prizes will be awarded this season to boys, age eight through eleven, competing in the nationwide Punt, Pass and Kick competition. The youth activity has the full support of the National Football League and reaches a grand climax when eight youngsters compete in the national finals at the world championship game.

More than two hundred thousand dollars in medical benefits has been paid out to National Football League players and their families since the inception of the Player Benefit Plan four years ago. All active players on the 14 teams are eligible for health insurance benefits which pay eighty per cent of sickness and accident costs up to ten thousand dollars. The plan is non-contributory on the part of the players.

During the 1962 season, National Football League teams won more games in visiting parks than they did at home. Visiting teams won 48 of the 98 games. Home teams won only 46. There were four ties.

The average time, from kickoff to final gun, of a National Football League game last season was two hours and twenty-seven minutes.

Thirty-four National Football League games...That's more than a third of the entire schedule...were decided by seven points or less in 1962.

It won't be too many more months before it is time for the National Football League teams to scan the lists of graduating college stars and make the draft selections...One hundred and fifty-one of the college players drafted by NFL teams last year signed with the League...Sixty-five more are still in college completing their athletic eligibility...Eight passed up professional football and only fifty-six out of the entire list of two hundred and eighty signed with other professional leagues.

Approximately 100 rookies make the National Football League each season. That averages out to more than seven per team.

Play it sure, make it 7

You know a drink will taste right when it's made with 7 Crown, the whiskey that's so good all by itself. Tall drink or short, plain drink or fancy, 7 Crown makes it smooth and memorable as nothing else can. No wonder 7 Crown has so many more fans than any other whiskey ever had.

After the game, say Seagram's and be Sure

The aluminum top with the built-in opener... another new idea from Alcoa

Beer in cans is great . . . and here's the greatest—the can top with a built-in opener. Lift the tab . . . roll it off . . . it's open! The top is made of Alcoa® Aluminum—light, strong, friendly to flavor. Most popular brands now open this easily. This great top is one of the many new packaging ideas for food, beverages and other products coming to you these days from Alcoa.

What next from Alcoa!

THE NFL COACHES

Backgrounds Vary But Their Paths Cross Frequently

By HARRY HULMES

Publicity Director, Baltimore Colts

Like the players under them, the head coaches in the NFL represent a wide variance in backgrounds. They come from all corners of the nation. Their ages range from Harland Svare's 32 to George Halas' 68. There's also quite a difference in head coaching experience between dean Halas' 36 years and Don Shula's first year. All but one, however, have one thing in common. That would be marriage. As this piece went to press only Svare had yet to become involved in matrimony. And in combining their families the daughters outnumber the sons by almost two-to-one margin.

Of the 14 field bosses who went to the post to launch the current NFL campaign only Vince Lombardi, Blanton Collier and Wally Lemm had not had previous playing experience in the league. No fewer than seven of the group had seen World War II duty in the U.S. Navy and another, Tom Landry, had piolted a B-17 in the Army Air Corps. For Halas it was a repeat performance since he'd already served with the Navy in World War I.

As far as locales are concerned there are only two cities that can lay claim to producing more than one of the 14 mentors. Logically enough, they would be two of the country's largest — New York — with both Lombardi and Al Sherman hailing from Brooklyn, and Chicago, hometown of Halas and George Wilson. Shula and Nick Skorich are natives of Ohio, the only other state to make more than one contribution to the NFL coaching ranks. Like the majority of the grid tutors the pair come from small towns — Shula from Painesville and Skorich from Bellaire.

If there is any apparent trend it would be toward youthful leaders. There are now five men 39-years-old and younger who are guiding the destinies of NFL teams. Two of them, Svare and 37-year-old Norm Van Brocklin, were still active players as recently as 1960.

Three of the coaches in the 40-and-over bracket are under 45 and one of them, Sherman, 40, has captured Eastern Conference championships his first two years on the job. Allie has been toppled twice by Lombardi, his predecessor as New York's offensive mentor and now, at age 50, the pride and joy of Green Bay, Wisconsin.

Next to Halas in age and overall football experience, the 57-year-old Collier is in the same category as his former pupil Shula — making his pro head coaching debut with Cleveland as Shula bows with Baltimore. For Collier, who first came under Paul Brown's wing at the Great Lakes Naval Station in 1945, this will be his 35th year in coaching and his tenth with the Browns — the previous nine having been spent as backfield instructor under Brown. Now he's replaced his former boss.

A one-time Georgetown (Ky.) College halfback, Collier was off the Browns' payroll from 1954 through 1961 while he directed the varsity grid program at Kentucky. This was somewhat of a unique endeavor in that only Skorich and Lemm of the other NFL skippers ever held the reins on a college squad. It was at Kentucky that Collier renewed acquaintances with Shula, who had played two years in Blanton's backfield at Cleveland when he was fresh out of John Carroll University.

Shula was traded to the Colts in 1953 and played four seasons as a defensive back under another Brown disciple, Weeb Ewbank. Don retired as a player after the 1957 campaign and plunged right into coaching as an assistant at Virginia. Then he joined Collier at Kentucky and in 1960 began a three-year hitch at the helm of Detroit's defensive unit. With the Lions he was under the supervision of Halas product George Wilson. Last January the Colts recalled Shula to relieve Ewbank as their number one man on the sidelines.

"I suppose," Don reflected, "that I've picked up techniques and methods from every coach I've worked with. I've been exposed to the Paul Brown influence longer, of course, with two seasons in Cleveland, four in Baltimore with Ewbank, and one with Collier in Kentucky. I had an opportunity, though, to try out a few of my own ideas in Detroit and also absorb some of Wilson's theories. You can never learn too much about this game.

"It seems to me that regardless of what teaching a coach has been subjected to his planning will be dictated by the personnel available and the decisions he makes as various problems arise. I'm sure that I'll run into situations before this year is over that I've never encountered before."

Wilson, a former standout end at Northwestern and for the Bears (1937-46), is now in his seventh season as the Lions' head coach. He was one of Halas' boys for a dozen years — ten as an end and two as a coach. In 1949 he moved to Detroit to stay, serving under the late "Bo" McMillin, then Buddy Parker — replacing the latter at the top when he resigned two days before the start of the 1957 season.

No one has to be reminded that it was Papa Bear Halas who got things rolling back in 1920 when he organized the Decatur (Ill.) Staleys. He shifted his team to Chicago the following year and there they've remained. An all-around athlete at Illinois — he had a brief fling as a New York Yankee outfielder before settling down to make his career in pro football. Halas played and coached until 1929. Since that time he's served three stints as the chief on the field — 1933-42; 1946-55; and 1958-present. Certainly his influence on pro football cannot be denied.

When Parker took his abrupt leave of the Detroit scene just before the 1957 kickoff he landed in Pittsburgh. He's still there in his 21st season as a NFL coach. He'd arrived in Detroit in 1950 to assist McMillin and inherited the big job the next year. Buddy had started his pro halfbacking with the Lions in 1935. Two years later he joined the Chicago Cardinals, helping out as a coach during 1943, his final campaign as a player. He served as an assistant to Jimmy Conzelman with the 1946-48 Cards. He was named head coach midway through the 1949 season.

The multi-talented Conzelman also had a hand in Wally Lemm's widespread coaching career. It was Conzelman who convinced Lemm that he should become a coach instead of a sportswriter. "That was when Wally was a senior at Carroll College, Waukesha, Wisconsin, in 1942 — and Conzelman's Cards were training there. He returned to the school as an assistant coach in 1946 and 1947, and later was head coach and athletic director at Lake Forest (Ill.) College, where the Cardinals now train."

Wally actually got his first taste of coaching while assigned to Notre Dame by the Navy. He aided Hugh Devore with the Irish junior varsity in 1945. It wasn't until 1956, after a two-year hitch as head coach at Montana State, that Lemm broke into the pros — as Ray Richards' assistant with the Cards. He came back to give Frank Ivy a lift with the 1959 Cards, then helped out with the newly-formed Houston Oilers in 1960. Following a year's retirement to operate his sporting goods business in Libertyville, Ill., he returned to lead Houston to a title in 1961. Last autumn he was back with the team that first encouraged his progress — the Cards — and succeeding his one-time boss, Frank Ivy.

Introducing the tuned car. 1966 Buick.

What makes a car a car is styling, performance, ride and handling. Only when they're all tuned together is the car a Buick. Like this '66 Riviera Gran Sport.

Every last thing that goes into a Buick—suspension, body mounts, shock absorbers—not only has to work, it has to work with everything else. That's tuning.

Tuning is what we do more of (and care more about) than anybody we know of. And then we go out and test it in more places, too. On roads like the ones you'll be driving on. Why we do it will be obvious when you take your first ride. The tuned car rides and handles as handsomely as it looks. (Tuning may be hard to explain. But it's easy to notice.)

What the tuned car will do for you. And your family. For a start, the new Riviera will comfort you. You'll see that when you slip into the Riviera's new bench seats. Space for six. If you like buckets, they're available, with a reclining arrangement for the right-front passenger. And we have another comforting option available: a new notch-back seat that converts from bench to semi-bucket.

Choosing the tuned car. Visit your Buick dealer. Every Buick you see is the tuned car. Riviera, the new international classic. Riviera Gran Sport. *Every* '66 Buick.

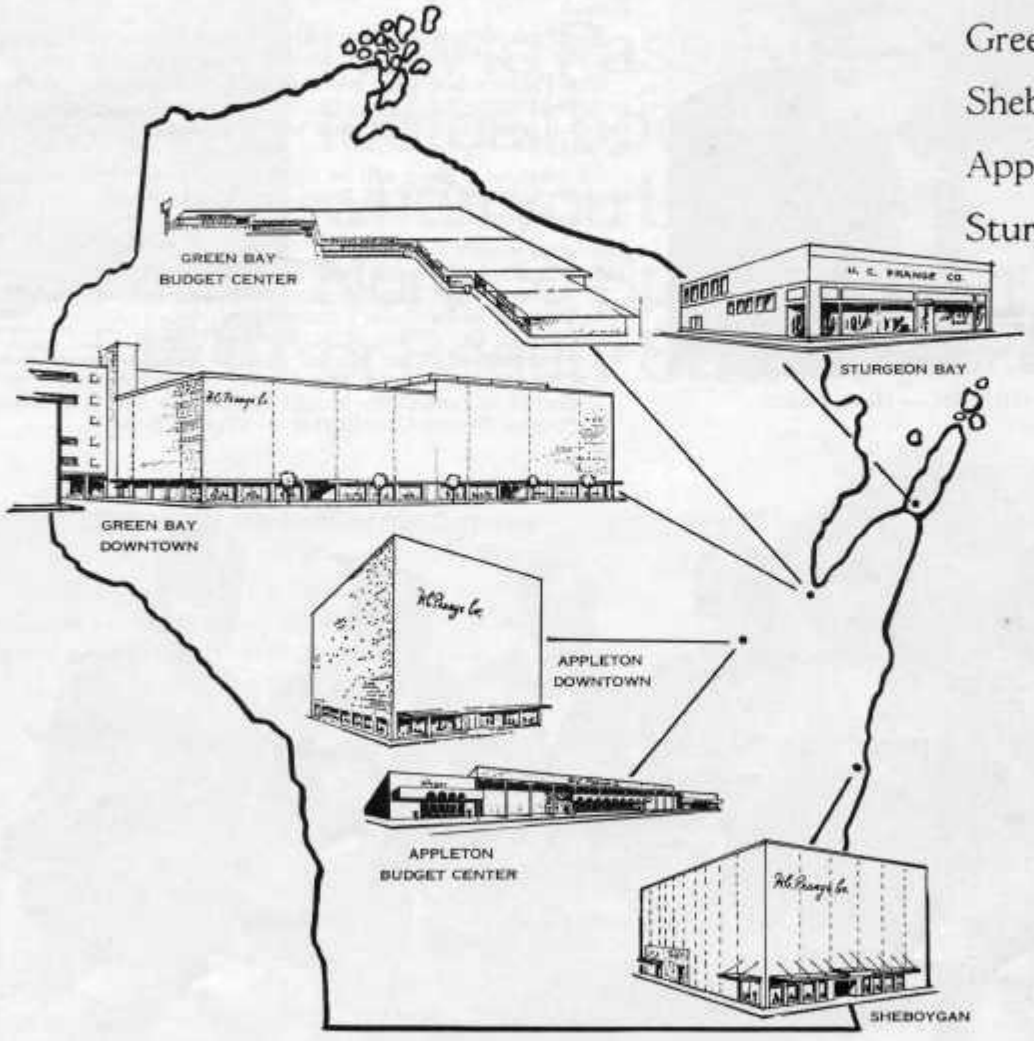

And with a choice like that, how in the world can you go wrong?

Wouldn't you really rather have a Buick?

Best Wishes to the Packers from Prange's

VINCE LOMBARDI, Head Coach and General Manager

VINCE LOMBARDI — Head Coach

"I'm no miracle man," Vince Lombardi warned Green Bay fans when he took over the sagging Packers in January, 1959. Lombardi then proceeded to work a miracle.

From a 1-10-1 record in 1958, worst in the club's 40 year history, Lombardi brought the Packers to a 7-5 mark in 1959. Then the Brooklyn born coach really got rolling, winning the Western Division title in 1960 with 8-4, and compiling 11-3 and 13-1 records in the next two seasons enroute to NFL titles.

The ruler of the Packers absorbed much of his philosophy from Earl (Red) Blaik, Army coach who made Lombardi his assistant in 1949. Lombardi has said many times since that his experience under Blaik was invaluable.

Lombardi was an 185 pound guard and one of the Seven Blocks of Granite on the Fordham University teams of 1936-37. He left West Point in 1954 to join the New York Giants under Coach Jim Lee Howell.

The Packers turned to Lombardi in 1959, a man who knew football but had never held a major coaching job before.

The Packers last year reported a record breaking profit. But of more interest to the fans was Lombardi's announcement in May that the club would add 8,000 seats to City Stadium, hiking the capacity to 50,837.

All seats, of course, will be filled. The Packers have been drawing capacity crowds, both in Green Bay and in Milwaukee, ever since they came upon good times.

Lombardi is also:

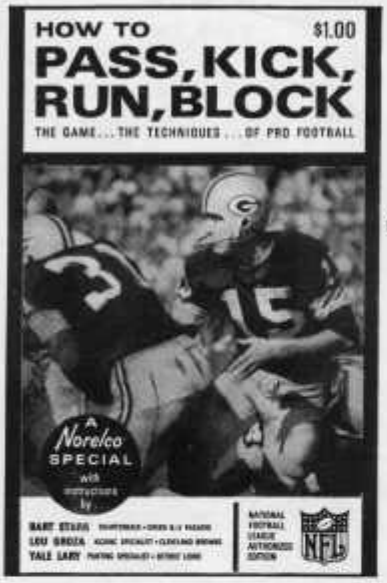

1. Director of Peoples Bank of Green Bay
2. Serves on the Council for Human Relations — City of Green Bay
3. Director of Fordham University
4. Citizens Committee of St. Norbert College
5. President of State Mental Health Association
6. Chairman of Cancer Fund
7. Served as June Dairy Month Chairman — State of Wisconsin
8. Special Events Coordinator — City of Hope

— THE SIXTH OFFICIAL —

There will be a sixth official on the field for National Football League games this fall — officially designated the "Line Judge."

He will be positioned on the line of scrimmage on the opposite side of the head linesman. Basically, he will be a time-keeper. He will rule on in-motion infractions while covering the back in motion. He will rule on whether flat passes behind the line of scrimmage are forward or lateral passes. He also will rule whether the quarterback passes from behind or beyond the line of scrimmage.

Snow-free driveways are child's play for the man with a Kohler-powered snow-blower

Kohler builds engines of cast iron—builds them with precision and care that are a 40-year-old habit. Kohler Engines are quiet, powerful and trouble-free. Lots of snow-blower and garden tractor manufacturers get their engines from Kohler. It's a good thing to keep in mind when you go snow-blower shopping. Kohler Engines—the cast iron line.

duofold®
2-layer underwear is for men who lead a quiet life...

Like Frank Ryan of the Champion Cleveland Browns.

When the winds howl and the turf freezes over, body moisture can chill—and cut a player's ability to pass, to run, to block and tackle. That's why pros like Frank Ryan of the Browns wear patented Duofold 2-layer underwear. *Duofold kills the chill!* The skinside layer of soft, itch-free cotton absorbs moisture, the air space between serves as insulation, the outer layer of wool/nylon/cotton evaporates moisture away from the skin. You stay warm and dry working or playing outdoors . . . comfortable indoors. In 5 different warmths to suit your cold-weather needs, in Longies, Shirts and Unions. Write today for FREE SWATCH SAMPLE and nearest store. Duofold Inc., **Dept. M,** Mohawk, N.Y. In Canada: S. Lennard & Sons, Ltd., Dundas, Ont.

1966 Ford Galaxie 500 7-Litre

Ford 7-Litre...either the quickest quiet car or the quietest quick car

There's a new kind of car this year, the Ford 7-Litre series. Why "7-Litre"? That's the displacement of our biggest engine (428 cu. in.) in metric measure, standard measurement for the world's great engines. It's the *standard* V-8 in this stunning car.

Flick the key and the 7-Litre responds like your own tame genie; strong, sure, quiet and smooth. It is deeply reassuring to be in command of such competence in day-to-day driving. Yet these Ford 7-Litre series cars, for all their far-out capabilities, are hushed, supremely comfortable and utterly elegant.

While you're at it, take a careful look at what else comes standard on either hardtop or convertible: the 7-Litre V-8, bucket seats, seat belts front and rear, front power disc brakes, console-mounted gear selector, Cruise-O-Matic transmission, paint stripes and special wheel covers.

This 7-Litre could be a bit bold for some people's taste. But everybody ought to try it once . . . just for the thrill of knowing Ford's newest total in *Total* Performance.

RED COCHRAN
Assistant Coach

Red Cochran is the whip-cracker of the Packers' backfield. Last year he helped mold this unit to its third league rushing title in the last four years.

This is Cochran's 10th year of coaching in the National Football League. He was backfield coach for three years (1956-58) with the Detroit Lions before being called by Lombardi in 1959.

Cochran was a two sport star at Wake Forest and when he was graduated in 1946 he could have chosen a professional contract in football or baseball.

PHIL BENGTSON
Assistant Coach

Phil Bengtson was called by Vince Lombardi in 1959 to shore up what was labeled the weakest defense in the NFL. Defense quickly became the hall mark of the Packers.

The Packers were superb on defense last year, leading the league in many categories. Most significant was least number of yards permitted — 3,179 yards or a 227 yard average per game. This was 671 yards less than the nearest rival, Dallas.

In 1951 he joined the San Francisco 49'ers and spent eight years with the club, building some of the best defensive lines in the NFL.

His job with the Packers, though, has been his masterpiece.

NORB HECKER
Assistant Coach

The Packers' defensive secondary is the pride and joy of Norb Hecker, who during his pro career was a fine defensive halfback with the Los Angeles Rams and Washington Redskins.

Hecker has been instrumental in developing such stars as Herb Adderley and Willie Wood. He also coaches the Packers' place kickers.

During his NFL career he played in 86 consecutive games and intercepted 28 passes in six seasons. In 1958 he was player-coach for Hamilton in the Canadian Football League.

He was summoned by Lombardi in 1959 and has helped weld the Packers' secondary into a cohesive unit.

TOM FEARS
Assistant Coach

If a football coach is supposed to be accomplished at the techniques he teaches, then the Packers are well set. Particularly apt is Tom Fears, who was a receiver par excellence for nine years with the Los Angeles Rams.

Fears still holds the NFL record for most passes caught in a season (84) and most passes caught in one game (18). Oddly enough, the latter achievement was against the Packers in 1950.

The former UCLA star was the end coach on Lombardi's first Green Bay team in 1959 and helped develop Boyd Dowler to "rookie of the year."

JOEL "Dave" HANNER
Assistant Coach

Dave was born in Parkin, Ark., May 22, 1930 . . . Fourteenth year in pro ball . . . Daddy of Packers . . . Drafted No. 5 by Green Bay in 1952 . . . Named all pro five times . . . Played in two pro bowl games.

Twice named to All-Southwest Conference team . . . Nicknamed Hawg . . . Soil Conservationist in off-season. Dave and Jane Hanner live in Green Bay. Retired as an active player to become an assistant coach with the Packers.

RAY WIETECHA
Assistant Coach

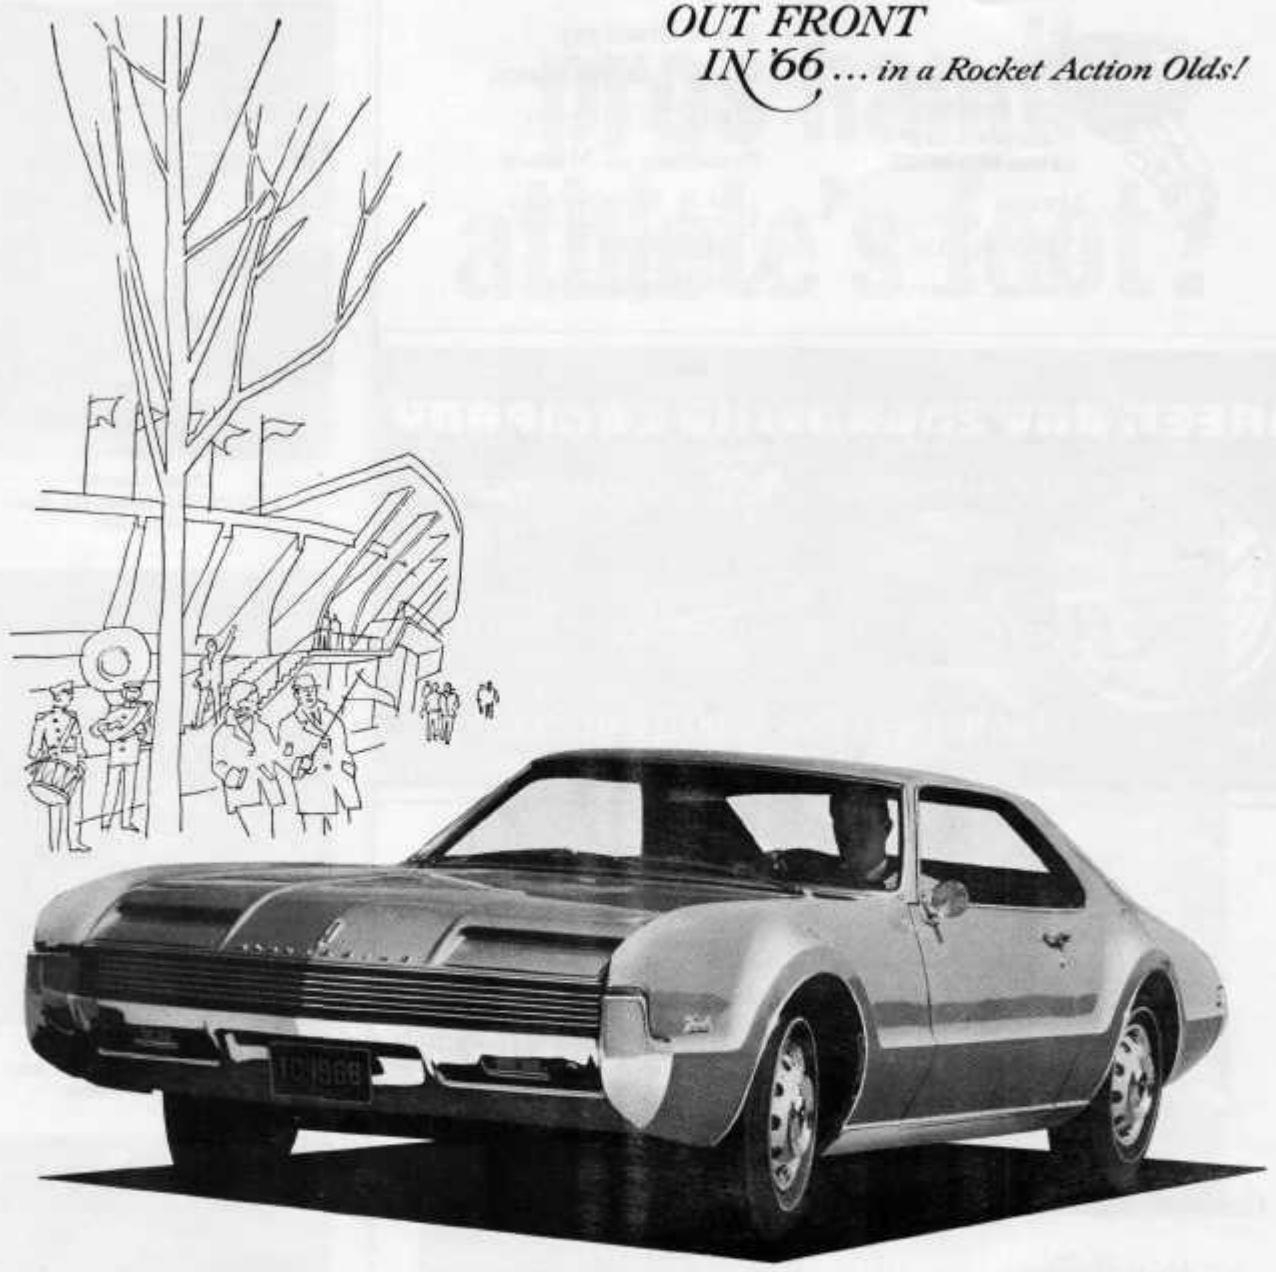

The newest member of the Packers' coaching staff is Ray Wietecha, who was one of the most durable players in the NFL during his 10 year career with the New York Giants.

Wietecha played in 133 consecutive games with the Giants and rated as one of the best offensive blockers in the league, earning All-Pro honors five times.

After ending his playing career in 1963, Wietecha joined the Los Angeles Rams' staff.

Replacing Bill Austin as offensive line coach, Wietecha is only the second change on the staff organized by Lombardi when he took over the Packers in 1959.

How do the pros handle athlete's foot?

They follow their trainers' advice and use Desenex® for prevention and treatment.

It's excellent protection against itching, cracking and irritation of Athlete's Foot. Helps prevent spreading, too. No wonder Desenex is used by all NFL trainers.

We know you don't have a trainer to keep you on your toes. But that's no reason to suffer from Athlete's Foot. Start using Desenex yourself. Get Desenex Powder or new, cooling Desenex Aerosol for daytime use—and Desenex Ointment at night. Desenex is guaranteed to work or your money back.

Carl W. Jorgensen, well-known Packers trainer, recommends Desenex to all his players for prevention and treatment of Athlete's Foot. He finds it really works!

BILL CURRY
50 — Center and Linebacker

Height 6:2, weight 235, Georgia Tech, 23 years old. Drafted 20th as a future. All-American NEA — 2nd team, All-American UPI — 3rd team. All Southeastern. Played in Senior Bowl. Georgia Tech captain. Award for lineman who contributed most to team morale. ONAK Society for leadership. ODK for scholarship and leadership. Pi Tau Chi for Christian leadership. A quick in-line blocker. Quick and good tackler on defense. All-American Football coaches — 2nd team.

ALLEN JACOBS
35 — Halfback

Offensive back, height 6:1, weight 215, University of Utah, 23 years old. Drafted tenth as a future. A fine fullback who likes to knock heads. Has good speed. Led the Utes in total offense with 695 yards and the 163 carries for the year ties a Utah season record for most carries. Second in the Western Athletic Conference in rushing. "Back of Week" on more than one occasion. One of hardest runners in Utah history. Led WAC in scoring with 48 points. A Jim Taylor type of runner.

BILL ANDERSON
88 — End

Height 6:3, weight 214. Came to Green Bay from Washington Redskins. Did not play in 1964. Started his career as a defensive safety in 1958 but after only two games switched to offensive end. Played in Pro Bowl in 1960-61. Caught 10 passes for 168 yards vs. Dallas Cowboys in 1961. Named Redskin rookie of the year in 1958 and Redskin player of the year in 1959. Was captain of the Tennessee team in 1957. Married and makes his home in Knoxville, Tennessee in the off-season.

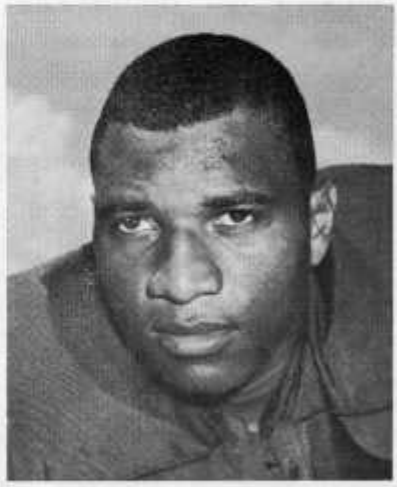

BOB JETER
21 — Halfback

Height 6:1, weight 205, Univ. of Iowa. Third season in NFL. Packers second draft choice in 1960, but decided to play in Canada. Sat out 1962 season and joined Packers for 1963. Backed up Dowler and McGee. Has great speed. A two way ball player who can also play flanker. Residence: Pittsburgh, Pennsylvania.

RICK MARSHALL
70 — Defensive Tackle

Height 6:5, weight 270, Stephen F. Austin College, 23 years old. Tenth draft choice. Biggest man coming to camp. He is strong with a good defensive charge. He is aggresive and tough. A fine two way tackle.

JUNIOR COFFEY
41 — Halfback

Height 6:1, weight 210, Washington University, 23 years old. Drafted 7th, played in 10 games in 1964. Bothered with foot injury. Carried ball 147 times for 638 yards. Good elusive inside-outside runner. Was All-Coast and All-Conference as sophomore. Made honor squads again as junior and senior even though plagued with a foot injury.
