LAKE DELTON is one of Wisconsin's most attractive and accessible lakes. It lies in the romantic Wisconsin Dells Region between the Village of Lake Delton and the lower Dells of the Wisconsin River. It has a varied shore line of six miles with pine-clad rock formations which make it a truly beautiful spot. Since it is only about 100 miles from Milwaukee and 180 miles from Chicago, it can be reached in but a few hours' auto ride. It is equally accessible by plane with a good landing field for air visitors.

The Dell View Hotel on Lake Delton is the only resort on the lake. It is modern in every sense — every room has a private bath — and offers unique attractions to the summer vacationer. Riding trails, interesting hiking routes that get you out into the woods, together with golf, fishing, swimming, and other attractions provide enough interest to keep the time from dragging without encroaching on your desire for rest and relaxation.

The 18-hole golf course adjoining the Dell View Hotel is a well-maintained and sporty course with interesting fairways and greens on which you can find

plenty of opportunity to polish up your shots. Its natural surroundings give it added charm and attraction.

As a special feature we have a well-stocked trout pond where you can catch your own breakfast if you wish. We also have the only safe bathing beach in the entire Dells area. Lake Delton Resort provides saddle horses for those who love to ride and enjoy going further than a hike will take them. Many beautiful scenic side trips, including the Devils Lake State Park and the interesting historic spots about the Dells of the Wisconsin River, are within easy reach. We have our own sight-seeing airplanes making daily trips from the Lake airport. The largest and best dance floor in this region is located on the Dell View properties.

You will be interested to know that all the vegetables, milk, cream, butter, and eggs for the hotel table are supplied from our own farm located on the properties. Nowhere can you spend a vacation that offers you such a variety of activities at such extremely reasonable cost.
