MIRROR LAKE, WISCONSIN

New Lake Delton

Lake Delton is Wisconsin's newest, largest and most beautiful exclusive summer lake, given over entirely as a summer playground. A few years ago, W. J. Newman, well known Chicago contractor, became impressed with the engineering possibilities and beautiful location for a lake between the village of Mirror Lake and the *Lower Dells of the Wisconsin River*. He made his plans, purchased large tracts of land, cleared the acreage for the proposed lake bed, and constructed a great dam, and today *Lake Delton* stands as a monument to his vision and genius—a beautiful sheet of water with a six-mile shore line, a natural breeding ground for fish, and surrounded by trees of every kind.

The construction of *Lake Delton*, with its north shore beach little more than a stone's throw from the *Lower Dells*, has added infinitely to the charm and beauty of the region, and has opened up to visitors at *The Dells* new and strange scenery which most of them never knew existed before, and it has done more to make *The Dells* a real summer resort area, rather than a remarkable boat trip, than any one previous undertaking in this region.

Picture to yourself a lake with sandy, sloping bathing beaches, a mingling of rocky and wooded shoreline with a background of low hills, or rolling off into lush meadows. Here is a lake dedicated to but one purpose, that of providing wholesome and healthy recreation.

Dell View Hotel on Lake Delton

DELL VIEW HOTEL is a natural outgrowth of the construction of *Lake Delton*, and the development of the hundreds of acres of shoreline, wooded areas and scenic spots. A beautiful place like this at *The Dells* naturally called for a hotel where discriminating visitors in this region might enjoy living within its boundaries near the new lake's shoreline.

Dell View Hotel consists of a large dining hall (which does not appear in the above picture), with a capacity of 250 guests, and which contains a large, well furnished guests' lounge, overlooking the golf course, smoking room and detached kitchen.

The building shown in the foreground contains the office, main lobby, and the upstairs is devoted to guest rooms. These rooms are steam heated and are completely modern, with private or connecting bath.

The large detached building (at the left in above picture) is the *Annex*. It is given over entirely to bedrooms. It is surrounded by screened-in porches, each room is electrically lighted, newly furnished and decorated, and each room has its private bath and toilet. All of these buildings stand on a natural elevation overlooking the lake and golf course.

The tables at *Dell View Hotel* are supplied with eggs, vegetables, fruit and dairy products from its own farm.

Housekeeping Cottages: Families or other groups desiring to live in cottages will find *Dell View Cottages* are strictly modern. Every cottage has a living room, two bedrooms, and a convenient, fully equipped kitchen. There is running water and inside toilets. These cottages are completely furnished, and are equipped with heating stoves. Cottagers may do their own cooking or enjoy the facilities of the hotel dining room.

The estate on which *Lake Delton* and *Dell View Hotel* are located was purchased, has been laid out, and is being built up and operated by W. J. Newman, well known Chicago contractor, who is using his facilities and long experience in making *Lake Delton* a very beautiful summer playground, and *Dell View Hotel*, the most ideally located resort in the *Dells Region*.

When you are a guest at *Dell View Hotel* you are surrounded by everything that could add to the comfort and enjoyment of your summer vacation.

Guests at *Dell View Hotel* are guests of the estate, and have full range of the property, lake, golf course, wooded bridle paths, fishing grounds, *Congress Hall Canyon*, and all the facilities which this unusual place affords. Guests at *Dell View* have free use of the golf course, tennis courts, row boats, etc.

At *Dell View* you will find all the things you want to make your vacation a happy one: a completely equipped bathing beach, with diving apparatus and toboggan, and *safe bathing for the children*, a fleet of motor boats for lake trips, canoes and row boats. Saddle horses from our own stables may be secured by the hour or day at a nominal rental.

Guests at *Dell View Hotel* are within a few rods of *Lake Delton*, adjoining *Dell View Golf Course*. Our private driveway leads to the *Lower Dells*, one mile distant. Guests at *Dell View Hotel* have the advantage of two modes of travel for all their trips—boat or automobile. You can take a boat at the hotel landing direct transfer, see *Mirror Lake*, *Lake Delton*, the *Lower Dells*, and the *Upper Dells*, an all-water trip approximating 30 miles of the most wonderful scenery you will find anywhere, at a cost that is negligible, or you can take any part of this trip, or take it in relays, if time permits. Look at the small airplane map in this folder. See how ideally located you will be, in the midst of everything, yet with all the seclusion and privacy that a great estate affords.

There is no reason why you should live during your vacation beside a city street, with its dust and noise, when you can enjoy all the exclusive comfort and quiet and beautiful environment of a great estate at no greater, or even less expense.

Dell View Hotel is operated on the *American Plan*, and one rate covers all charges, including free use of golf course for those reserving rooms at the Hotel or Annex. Boat fares, saddle horses, and special auto bus trips at moderate fees. We meet trains at Baraboo and Kilbourn by appointment.

Dell View Hotel and *Lake Delton* are rather newcomers into this wonderful region, but they were conceived and built on a big, broad policy of real service, and have already won the hearts of thousands who have spent their vacations here.

Dell View Hotel invites you and your friends to enjoy your vacations here this season on the shores of *Lake Delton*, in the famous *Dells Region*.

IN CONGRESS HALL LAKE DELTON

DELL VIEW GOLF COURSE is located on an elevation overlooking Lake Delton. It is a very well constructed 9-hole course, with bent greens and many natural hazards. Patrons will find lockers and showers for their convenience, and an observation tower is located at the highest point on the links.

Green fee, \$1 a day, or 50 cents a round. No green fees for guests with rooms at the hotel.

DELL VIEW' BOATS ply the waters of *Mirror Lake*, *Lake Delton* and the *Lower Dells*. Arrangements for all regular boat trips can be made at the hotel. This includes trips for the *Upper Dells*. Our guests can start at the hotel and make all of these trips, without the use of a car, if they desire. Information and tickets can be secured at the hotel office for all auto and boat trips.

LAKE DELTON FISH HATCHERY has been constructed and is being operated to furnish stock for planting in Lake Delton.
