Jerry Mason Esqr

Sir

I wish to know if your folks can make me about 20lbs Sausage and what it will be worth per pound also if you have or will have some Lard to spare after killing your Hogs and what it is worth, I take this liberty to write you as we had some little dealing while Cousin Julia was with you, how would you like to come and live in this City. I think I could get you a berth to drive a Mail wagon for the winter at about $40,00 per Month and from that you might strike something better please let me hear from you. Should you visit Chicago come and see me.

Very truly Yours
