DESCRIPTION 965

Milwaukee County Board of Supervisors County-wide. Various Parks of Milwaukee County Park System. (Exclusive of other projects specifically approved.) or to be performed County-wide. To provide employment for needy, semi-clerical workers and for those whose physical condition excludes them from heavy manual labor in planting small shrubs and flowers in all parks under the jurisdiction of the Milwaukee County Park Commission; in addition to perform all work incidental to the establishment of wild life refuges in above parks. This project will employ men only and will not include maintenance since such work shall be done only once in any single location. This work will not be prosecuted on public property, along highways, roads, or streets. Sponsor has legal jurisdiction.

DESCRIPTION: Town Board Chas. Raasch, Tn. Clk.

**Disapp. WPA
7-26-38
$92,820

Deepen, widen, straighten approximately ten miles roadside drainage ditch. Construct one mile of bituminous pedestrian path. Cut brush and landscape along highways. Perform all necessary appurtenant work. Township owned property.
*Originally assigned State Serial No. 21534

**Reason for disapproval - (1) Inadequate sponsor's contribution. (2) The proposed work is principally maintenance which should be currently performed by the sponsor. (3) No permanent improvement will result from the proposed cleaning of ditches. (4) The estimated unit costs indicate an inefficiency which is not calculated to reflect credit on the Works Program.

DESCRIPTION: Town of Lake Town Board

Install sanitary sewer, with manholes and other appurtenances, in South Kinnickinnic, East Koenig, South Vermont, and East Crawford Avenues, in the town of Lake, Milwaukee County, and perform appurtenant and incidental work. No taxes or assessments will be levied to cover the amount of Federal funds expended on this project. This sewer will be connected to an intercepting sewer which is a part of the sewer system of the metropolitan area of Milwaukee County. All sewage from the metropolitan area is treated in an existing disposal plant prior to discharge into Lake Michigan. In addition to projects specifically approved. Town owned property. br

$112,360

2 DESCRIPTION 985 Town Board.

Town-wide. Install approximately 10,000 l.f. sanitary sewers and laterals, 40 manholes together with all necessary appurtenant work. All sewers are a permanent part of the sanitary system and will discharge into the Metropolitan Sewage Disposal Plant. No taxes or assessments will be levied to cover Federal funds expended on this project. Town owned property.

Superseding - O.P. Nos. 65-53-2479, 2480, 2607, 2606, 2609, 2610 and 3261.

* Reason for Disapproval - The estimated clay excavation cost of $6.00 per cubic yard which represent 64.3% of the project total cost, is excessive.

2 DESCRIPTION 965 City of Milwaukee

LPL# 256-7-7-39 reduces $26,830.62

To provide employment for needy professional, educational, and clerical persons to conduct engineering surveys and prepare drawings for the Bureau of Bridges and Public Buildings. Work includes preparing drawings, combining small drawings into single drawings, and preparing the history of Milwaukee bridges and public buildings. This project will operate in the city of Milwaukee, Milwaukee County. This work is not a normal activity of the sponsor, and no regularly employed personnel will be displaced. In addition to projects specifically approved,

Supersedes O. P. No. 65-53-250.

1 DESCRIPTION 065 Milwaukee County Board of Supervisors

Brown Deer Park. This project includes the work necessary for the construction of the concrete swimming pool, filter plant and bath house. The work involved in this project includes the construction of warming basins, which are connected to the swimming pool. The filter plant, which will filter the water by the pressure system, will be located in the basement of the bathhouse. The bathhouse will be constructed so as to provide dressing rooms, check rooms, toilet facilities and first aid station for the bathers. This building is planned to handle approximately 2500 bathers per day. County owned property. Reason for disapproval: The estimated Federal expenditure of $19.01 per man-month for non-labor items is excessive.

2 DESCRIPTION 965 City of Milwaukee

To provide employment to needy clerical or professional persons to make a survey of all privately owned buildings for assessment purposes in City of Milwaukee, Milwaukee County and under the direction of the Tax Commissioner's office. Under this survey, all privately owned buildings are measured, checked, and appraised in this field, after which drawings are made on standard form appraisal cards, on which are also recorded complete details as to type of buildings, type of construction, present condition of buildings, and other necessary information needed for tax assessment purposes. The data thus obtained will be a permanent record in the City Tax Commission office. This is not a normal function of the sponsor and no regular employees will be displaced.

DESCRIPTION

Common Council of South Milwaukee

To provide employment for needy professional, educational, and clerical persons in the preparation of maps showing underground sewers, service lines, manholes, catch basins, and other such structures, including piping at pumping station, and showing horizontal and vertical locations with size, shape, use, material, and other physical characteristics; including the necessary engineering, field, and office surveys to collect the information and data necessary for such maps. This project is proposed to provide an adequate and complete record of existing structures which will then be maintained by the sponsor. This project will operate in the city of South Milwaukee, Milwaukee County. There is no normal budgetary appropriation for this work, and no regularly employed personnel will be displaced. In addition to projects specifically approved.

1 DESCRIPTION 965 Village of Whitefish Bay

To provide employment for needy professional, educational and clerical persons in the preparation of maps showing underground sewers, pipes, tunnels, conduits, water mains, service lines, manholes, catchbasins and other such structures, showing horizontal and vertical location with size, shape, use, material and other physical characteristics; including the necessary engineering, field and office surveys to collect the information and data necessary for such maps. This project will operate in the village of Whitefish Bay, Milwaukee Co. This project is proposed to provide an adequate and complete record of existing structures which will then be currently maintained by the sponsor. The work will not displace any present or regular employees. In addition to projects specifically approved.
