1 DESCRIPTION 965 Common Council. H.H.Pruemers, Mayor

Improve sanitary sewerage system by laying sewer pipe across the Fox River in three locations, constructing manholes, installing sewage pump, relaying pipe to eliminate infiltration, and performing appurtenant and incidental work, including replacing pavement. The project will operate in the city of Burlington, Racine County. In addition to projects specifically approved. City-owned property. No taxes or assessments will be levied to cover the amount of Federal funds expended on this project. All sewage carried by these sewers will be discharged into an existing treatment plant.

7 DESCRIPTION 665

T.C.Morris, Mayor
City Council, City of Racine.

A non-Federal project to conduct engineering surveys for and to modernize the engineering records of the city of Racine. Work includes conducting a field survey and recording the acquired data on maps of all underground structures, including storm drains, sanitary sewers, manholes, lamp holes, and catch basins, indicating horizontal and vertical locations, size and shape, materials, and physical characteristics pertaining thereto; conducting a survey and recording maps embodying the police and fire alarm systems, locating manholes, indicating size and shape, size of ducts, number of cable runs, and location of call boxes; and locating sections and section owners, and making and setting monuments to permanently mark [illegible] project will operate in the city of Racine, Racine County.

DESCRIPTION City Council

B 10-15-47

Prepare maps of all underground structures, such as electric light and power cables, storm and sanitary sewers, manholes, catch basins, and other such appurtenances, showing horizontal and vertical location, size, shape, materials used and other physical characteristics. Work also includes placing in permanent form assessors' plats and maps of Lake Shore Frontage. Completed maps will be maintained by the various City Departments involved. This project will operate in the city of Racine, Racine County. There is no normal budgetary appropriation for this work, and no regularly employed personnel will be displaced. In addition to projects specifically approved.

1 955

DESCRIPTION: City of Sheboygan

South Water Street north of Pennsylvania Avenue. Construct 680' of standard gauge industrial spur track to connect with Chicago and Northwestern Railroad trackage. City owned property.

Reason for disapproval: 1. Public benefit is not demonstrated, but instead it appears that benefit will be restricted to a few individual users.

2. Although the facility will be nominally owned by the City of Sheboygan, the railroad will retain control over its operation.

1 DESCRIPTION 965 Barton Village Board

Construct a connecting sanitary sewer with necessary appurtenances. The extension will make it possible for the Village of Barton to have its sewage treated in the West Bend Sewage treatment works, thereby eliminating the existing pollution of the Milwaukee River by the Village. This project will operate along the west bank of the Milwaukee River near Barton, in Washington County. Privately owned property. Proper easements will be obtained. No expenditure of Federal funds for this project will be made until easements have been obtained from the owner, and no Federal funds will be used for the purchase of such easements. No improvements will be made to private property. In addition to projects specifically approved.
