2 965 DESCRIPTION State Dept. of Health

Countywide, workshop located at North St., Waukesha, Wisc. Community sanitation - elimination of insanitary devices by the construction of sanitary privies (or septic tanks on public property only) in rural areas and suburban territories where sewer systems are impracticable. Sponsor has the legal authority to prosecute the work involved over the entire county of Waukesha. Sponsor has the necessary legal authority to enter private property in the public interest without the necessity of an easement. Hdqrts. for purpose of supervision at the State Dept. of Health, Madison, Wisc. To take the place of work formerly prosecuted under O.P. 65-55-4198. Private & public owned property. Proper legal authority has been obtained for all work on private property.* Reason for disapproval: The relative ratio for superintendence is high in comparison to the labor required for this particular work. fr

Final 12-6-39
Insp. 9-11-41
Approved 10-16-41
Rec'd. 2-6-42

County-wide. A non-Federal project to improve county and township owned roads throughout Waupaca County. Work includes relocating roads to eliminate curves; clearing, grubbing, excavating, filling, building ditches, grading, draining, surfacing, sodding, and seeding; constructing culverts, bridges, guard rails, and other safety devices; and performing incidental and appurtenant work. Not a part of the Federal Aid Highway System. Sponsor has the legal authority to prosecute this work on township-owned property. Project also includes the production of materials for use on this project.

7 DESCRIPTION 965 City of Clintonville

A non-Federal project to establish a house numbering system by checking lot frontages from block maps prepared from city recorded plats. New numbers will be entered on city records and lists will be prepared on all the streets showing both the old and new numbers. This project will operate in the city of Clintonville, Waupaca County. In addition to projects specifically approved.

Description:
Clark, Jackson, and Monroe Cos.
Improve small dams and dikes, spillways and drainage ditches by placing rock riprap, earth fill, concrete and brushing ditches; for drainage control, water conservation, fire protection, forest growth and wild life propogation, quarrying rock for riprap.

1-5

Sponsor:
Water Regulatory Board of Wisconsin.

Reason for Disapproval:
The proposed project provides mostly maintenance work which should be performed by the sponsor, and does not provide for sufficient equipment to insure efficient operation. In this connection, reference is made to Mr. Fellows' letter addressed to the State Administrator dated November 20, 1940

DESCRIPTION

Wisconsin Conservation Department
Winnebago, Fond du Lac, Outagamie and Calumet Counties.
Improve lakes and streams, for game fish and wildlife conservation purposes throughout the district, including eliminating stumps, logs, and other obstructions; removing rough fish; constructing shelter buildings, fish ponds, and equipment necessary for the removal of rough fish; and performing incidental and appurtenant work. State and county owned property.

Reason for disapproval: (1) In view of the temporary nature of the benefits to be derived from the proposed work, the work does not appear to be desirable for inclusion in the Works Progress Administration program.
(2) The proposed work would not contribute materially to the solution of the rough fish problem.

4-8 DESCRIPTION

T.F.Kouba, Associate Pathologist
U.S. Department of Agriculture,
Bureau of Entomology and Plant Quarantine

Conduct blister rust control work for the protection of white pine forests in Columbia, Dodge, Richland and Sauk Counties, by eradicating currant and gooseberry bushes and performing appurtenant and incidental work. Project is to operate on publicly owned property, and on privately owned property, for which proper agreements have been or are to be obtained.

2 DESCRIPTION 965 Wisconsin Public Service Commission

7-31-37

7-31-37

To provide employment for needy professional, educational, and clerical persons to assist in conducting a topographical survey of the Milwaukee River Basin. Work consists of triangulation, traverse, and levels of second and third order accuracy; sub-soil test borings of proposed dam sites; and field and office surveys incidental to the major objectives. Completed work will provide information which can be used in conjunction with a study of flood control. Sponsor will make all necessary contracts to secure access to private property. This project will operate in the following counties: Milwaukee, Ozaukee, Waukesha, Sheybogan, Fond du Lac, Washington, and Dane, with headquarters, for the purpose of supervision, at Madison, Dane County. There is no normal budgetary appropriation for this work, and no regularly employed personnel will be displaced. In addition to projects specifically approved.

DESCRIPTION State of Wisconsin
State-wide.
To continue and extend work begun on official project number 66-55-1134 approved on president's letter 371. Water and fish conservation. This project provides for surveys, design and supervision of construction of dams for lake level control and lake level restoration, creation of flowage areas for conservation purposes, restoration of flowage areas, stream control and completion of system of drainage control dams in the ditches of organized drainage districts and to carry on other work of similar nature, including the restoration of ground water levels. Throughout the State. State, County, City owned property. Reason for disapproval: 1. The Federal funds to be expended for the employment of Relief Labor are too low in comparison with the proposed Federal expenditures for materials. 2. Less than 90% of the persons paid from Federal funds are from relief rolls. 3. No sponsor contributions.
